"Sweet and Lovely" Gladiolus

Sensational New Fragrant Gladiolus

"Sweet and Lovely" is gaining in popularity by leaps and bounds, and most deservedly so, for it is a real achievement in Gladiolus excellence. This delightful beauty is the first fragrant gladiolus having the height and size of other Gladiolus. It will grow and flourish right out in the open in your garden with your other Gladiolus, with no special care. The individual florets are four inches wide, and the flowering stalks are three to four feet tall. In all the horticultural world there is nothing more beautiful, in my opinion, than "Sweet and Lovely" Gladiolus. The blending of colors and subtle tints, the perfection of form and poise, make it a marvel of beauty.

But the outstanding feature of this lovely new variety is its fragrance, for "Sweet and Lovely" brings us an entirely new fragrance all its own. It is not the overpowering fragrance of the Lily; neither is it the fragrance of the Rose, or the Violet, or any other flower. It is a new fragrance, the fragrance that will be identified with the fragrant Gladiolus of the future, a fragrance that is delicate, subtle, yet sweet and distinct. The fragrance is greatest just as the flowers are opening, and in order to enjoy the full benefit of their sweet odor, they should be cut just as the buds are opening and placed in a vase of water in a quiet, fairly warm room.

You will surely want to enjoy both the beauty and the fragrance of "Sweet and Lovely" in your garden and in your home this summer, for it is equally attractive in the garden or as a cut flower.

This variety is so rare and so new and so handsome that I would be justified in charging a dollar a bulb for it, but I determined to hold the price down within the reach of all.

20c each; 3 for 50c; 6 for 80c; 12 for \$1.25; 100 for \$8.00.

All Fine, Plump, Healthy, Flowering Size Bulbs.

BAYSIDE, L. I., N. Y.

1939 World's Fair "Souvenir" Collection

Each year I have offered an unusual mixed collection of Gladiolus. But this year's collection will be **by far the finest I have ever offered**, and at a price lower than ever. It will include many of the finest Gladiolus ever grown. More than one hundred extra choice varieties are being used to make up this superb mixture. The entire color range is included, such as the newer lavender, heliotrope, orchid, blue and purple shades, white, rose, salmon, red, pink, scarlet and Cardinal tones, soft and deep yellow and orange, a vast array of rainbow colors all mixed together in a well balanced collection. It will be entirely different from any collection I have ever sent out before.

All are huge flowers of unbelievable size and great beauty, many flowers open at once. Every bulb is of large flowering size, just the right age to be full of pep and to give the finest results. All are healthy and clean and free from disease.

For mass planting in the garden, or for cut flowers there is nothing finer. Due to the fact that the varieties in this collection have varying flowering periods, a 60 day succession of bloom may be expected from one planting. By making two or three plantings, 2 weeks apart, flowers may be had all summer long.

Order as many collections as you can make room for. If you do not have room for 100, get your neighbor to join with you, but 100 Gladiolus require a space only 3 by 3 feet, and many gardens have room for several collections.

LA FIESTA—See illustration above. The most remarkable color break yet produced. The illustration does not show the color quite correctly as it is a true orange blend. **25c each; 3 for 60c; 6 for \$1.10; 12 for \$2.00.**

WORLD'S FAIR SOUVENIR

My place of business on Long Island is just a short distance from the World's Fair Grounds. I hope every one of my customers visiting the World's Fair this Spring will take home with him one or more of these collections as a souvenir of their visit to the 1939 World's Fair. Of course others can have them sent by parcel post or express prepaid.

JUST PUT THEM IN THE GROUND AND AWAIT RESULTS

There is nothing easier to grow or more satisfactory than Gladiolus. The superb flowers in this collection will add a magical spot of beauty in any part of your garden. Plant them anywhere, in clumps of a dozen or more or in solid beds or rows. As cut flowers you will find this collection superb.

A pamphlet entitled "How to grow fine Gladiolus" will be enclosed in each package.

"SWEET AND LOVELY" FREE

As an added inducement I will include the new fragrant Gladiolus "Sweet and Lovely", separately bagged and labelled, absolutely free with each collection as indicated below. See illustration and description on opposite page.

The World's 25 Best

Betty Nuthall

The World's Finest Blended Gladiolus

This collection simply cannot be improved. Among thousands of Gladiolus these 25 varieties received the 25 highest votes of the American Gladiolus Society. They are listed in the order of merit, as determined by the number of votes received by each variety. Picardy received the largest number of votes each year for three years in succession and has thereby been declared **THE WORLD'S FINEST GLADIOLUS**. Picardy therefore heads our list of "The World's 25 Best Gladiolus". Minuet, the beautiful orchid toned variety illustrated on page 6, received the second largest number of votes, and therefore appears second on our list as the world's finest orchid toned variety. Commander Koehl, illustrated on page 5, received the third largest number of votes, and is thereby declared the world's finest red gladiolus. It accordingly appears third on this list. Betty Nuthall, with its beautiful medley of blended colors, illustrated on this page, received the fourth largest number of votes and therefore appears as the fourth variety on this list.

In selecting "The World's 25 Best Gladiolus" I am not merely giving you my own opinion, but the combined judgment of the country's leading professional growers, breeders, and Gladiolus enthusiasts.

Pursuing my policy of offering only the best, I have assembled these 25 varieties into one superb collection at a new low price that brings all of these top rated varieties of the Gladiolus world within the reach of every flower lover.

SO HERE THEY ARE, EACH THE FINEST OF ITS CLASS. They carry off the prizes everywhere. The illustrations, **which are very greatly reduced**, can give but a faint idea of their great beauty, for many of the individual florets are nearly as wide as this page and the flower spikes are often shoulder high. And so if you wish the best that money can buy; if you wish to be a sure winner at the flower shows, or if you grow flowers only for your own pleasure and the enjoyment of your neighbors and friends, either as cut flowers or for striking effect in the garden, you cannot go wrong in selecting "The World's 25 Best Gladiolus".

A pamphlet entitled "How to grow Fine Gladiolus" will be sent with each order.

**You May Choose Individual Varieties, or
Order the Complete Collection**

PICARDY—The sensation of the Gladiolus world and winner of the highest symposium vote. Florets up to seven inches across, with many open at once, on flower stalks up to six feet tall. Color a delightful shrimp pink. Sold six years ago at \$2.00 a bulb. **10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.**

Gladiolus

MINUET—An exquisite orchid-toned variety, superb in every way. Best of its color. Huge florets up to seven inches across, one stalk making a bouquet. Majestic in the garden; unsurpassed as a cut flower; a sure winner in the flower shows. See color illustration, page 6, which of course is greatly reduced. **10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.**

COMMANDER KOEHL—The World's Finest Red Gladiolus. Gorgeous rich glossy pure red flowers of great brilliance, huge size, perfect form, and without a speck of any other color. The florets are as wide as this page and the stalks shoulder high. See color illustration. **10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.**

BETTY NUTHALL—Always a Prize Winner. Glowing orange-pink with soft yellow throat. The illustration, which is only about one-third natural size, gives some idea of the great beauty of this magnificent variety, the best of the blended colors. One of the remarkable things about this variety is that it will sometimes produce as many as five huge spikes to a single bulb. It seems unbelievable that so much beauty could come from a single bulb. **10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.**

MOTHER MACHREE—This variety not only maintains its place among the leading varieties, but keeps climbing closer towards the top. In the previous symposium it took seventh place; now it occupies fifth place. Like the foregoing varieties, it is the leader in its class, the color being an invincible lavender, with glints of salmon and gold and a delightful yellow area at the throat. It is one of the most beautiful flowers grown and a sure winner at the flower shows. **10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.**

MARMORA—A close competitor of Mother Machree and just as handsome, but entirely different, being an exquisite flower of unusual lavender-grey, with a bright petunia spot at the throat. Huge flowers, many open at once. **10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.**

MAID OF ORLEANS—A newcomer and a five-star sensation, which jumps immediately to first rank among the whites, taking the highest vote of all the white varieties. A huge flower of the most aristocratic bearing, with soft cream buds opening to pure white. Eight or more florets open at once. The top notch white. **10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.**

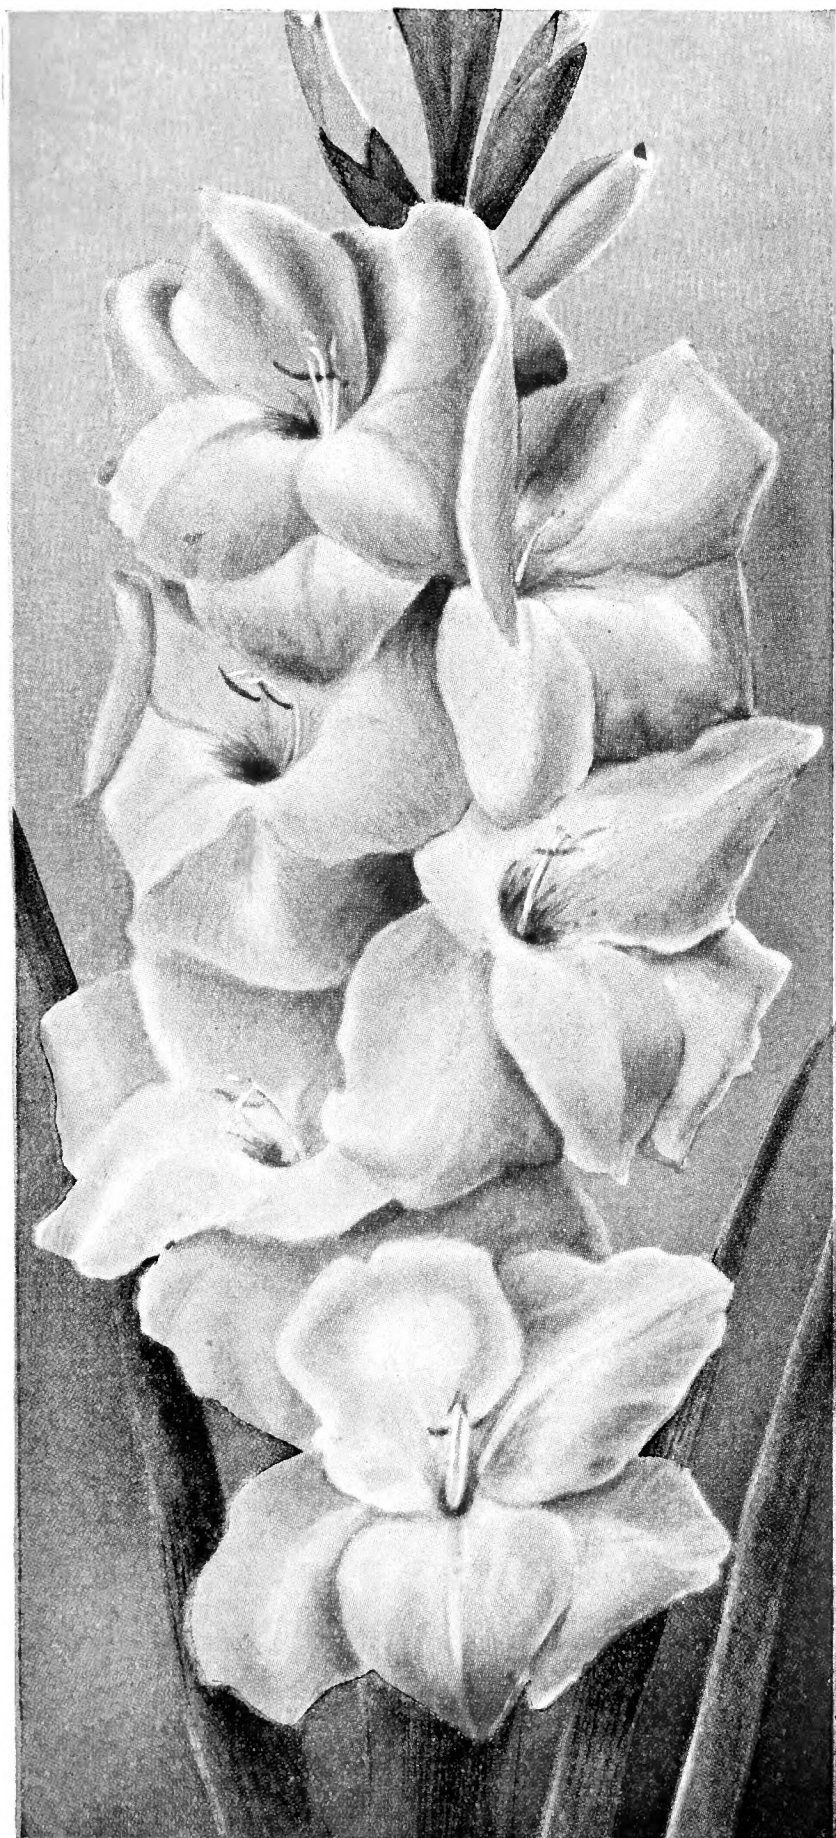

MR. W. H. PHIPPS—This variety headed the list for many years, and is still and always will be one of the most glorious of all Gladiolus. The color is a gorgeous salmon pink, with very large flowers, many open at once. It is still my own special favorite and if I could have only one Gladiolus, it would be W. H. Phipps. **10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.**

BAGDAD—A gigantic flower of an unusual old-rose color, being in a class by itself. Florets seven inches across, ten open at once, on tall spikes. **10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.**

Commander Koehl
The World's Finest Red Gladiolus

The World's 25 Best

Minuet

The World's Finest Orchid Colored Gladiolus

MILDRED LOUISE—A magnificent new bright strawberry-pink, with lovely delphinium blue anthers, yellow throat and deep red pencilling on lower petals. A distinctive new color and one of the finest of all Gladiolus. **10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.**

PELEGRINA—Some years ago there was no such thing as a blue Gladiolus, but blues have been gradually developed until now we have in Pelegrina the perfect deep blue Gladiolus. It is a fine, large, outstanding, lustrous intense deep blue flower of perfect form and received the highest vote of all the blues. The illustration gives but a faint idea of the great beauty of this handsome Gladiolus, which is so different in color and so striking either as a garden subject or a cut flower. Huge stalks, many open at once. Always a prize winner. **15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.**

MAMMOTH WHITE—A gorgeous white, with a beautiful cream throat. Gigantic flowers, the individual florets being six to seven inches across, and many open at once. A masterpiece in snowy whiteness. **15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.**

DR. F. E. BENNETT—An unexcelled brilliant scarlet. Dr. Bennett has for many years continued to hold its place as one of the leading Gladiolus. A grand variety and a dependable prize winner. Gigantic flowers, many open at once. **10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.**

WASAGA—You will undoubtedly pronounce this the most beautiful Gladiolus you have ever seen. The color is a clear, glowing buff, without a mark or speck of any other color, and the large flowers are beautifully ruffled. There is no other Gladiolus like it. **15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.**

STAR OF BETHLEHEM—Watch this immense pure snow-white Gladiolus climb to the top of the list in future symposiums. It is loveliness supreme, but is as yet very scarce and therefore not so well known as it should be. I personally think it is the finest white Gladiolus. **15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.**

ALBATROSS—An absolutely pure snow white, without a trace of any other color; huge florets and tall spikes. In the previous symposium it received the highest number of votes of all whites. A magnificent variety. **10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.**

SALBACH'S ORCHID—Large, open, beautifully placed flowers in the color of the Cattleya Orchid; as many as ten flowers open at once. A real aristocrat. **10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.**

Gladiolus (Continued)

PFITZERS TRIUMPH—Enormous open flowers of brilliant scarlet, with a deep cherry-red spot at the throat. One of the largest and finest of all Gladiolus and winner of countless prizes. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

AFLAME—A flaming scarlet, of the finest Primulinus-Grandiflorus type. Gigantic spikes and blooms and a magnificent flower. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

ROSEMARIE PFITZER—An unusual new dainty white, overlaid with delicate flakes of soft pink. Nicely ruffled. A very lovely variety. Different from all others. 15c each; 3 for 25c; 6 for 40c; 12 for 65c; 100 for \$3.50.

DUNA—A very lovely soft flesh-pink to pale apricot, the color being uniform, without marking of any kind. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

RED LORY—A sensational exhibition flower of true rose-red, with as many as 12 gigantic florets open at once. One stalk makes a bouquet. Winner of many prizes. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

MRS. LEON DOUGLAS—Magnificent begonia-rose, flaked scarlet. One of the largest and showiest Gladiolus. 10c each; 3 for 20c; 6 for 30c; 12 for 50c 100 for \$2.75.

GOLDEN DREAM—Has always been "the tops" in yellow and again received the highest number of votes of any yellow. A rich, deep, golden-yellow with many huge florets of fine form open at once. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

LOTUS—A delightful new soft shell pink over a white ground, with a white throat. Unsurpassed as a cut flower. A heavy waxy substance gives it a shell-like texture. Preeminent among all delicately tinted gladiolus. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

Having read these descriptions, can you imagine anything more thrilling than to have these "25 World's Best Gladiolus" growing right in your own garden? And if you exhibit in the flower shows can you imagine what would happen if you were to exhibit only a few of these superb varieties? I am pleased to be able to offer this entire group at such a remarkably attractive new low price this season.

Pelegrino

The World's Finest Blue Gladiolus

Rising Stars

Golden Goddess

GOLDEN GODDESS (Patent No. 77)—The first patented Gladiolus. A new and absolutely perfect yellow, with 20 to 25 flowers to a single stalk, ten or more open at once, and stalks four feet tall. The finest yellow Gladiolus introduced to date. * 20c each; 3 for 45c; 6 for 80c; 12 for \$1.50; 25 for \$2.85; 100 for \$9.00.

*Golden Goddess is sold only as stated above and is not included in any collection.

Have you noticed how new "Stars" constantly appear on the Theatrical horizon to outshine the popular idols of the day and to become the new leaders in their field? Of course you have, and you have been thrilled by their brilliant performances and enjoyed each new personality as it appeared. Just as keen will be your enjoyment watching these "Rising Stars" of the Gladiolus world as they develop in your own garden right under your own eyes.

This is a group of varieties which are as yet too rare to be known to flower lovers generally, which, because of their superior quality and great beauty, may be expected to head the lists of the future. Every variety in this group is something rare, or new, or unusual. All are giant flowering varieties, with many flowers open at once and each variety will add something distinctive to any high class collection. For those who wish to be "ahead of the procession" I have assembled this marvelous collection at irresistible bargain prices. Try this gorgeous collection on my personal recommendation.

BLEEDING HEART—Lovely pinkish white, with a vivid crimson spot at the base of each petal. The personification of grace and charm and one of the most beautiful of all gladiolus. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

CHRISTABEL—Huge flowers of very soft salmon pink, slightly flushed deeper salmon, with a clear soft sulphur yellow throat. Quite unlike any other Gladiolus. I rate this variety as one of the best. 15c each; 3 for 30c; 6 for 50c; 12 for 75c; 100 for \$3.75.

DEBONAIRE—A marvelous new introduction by the originator of Picardy, the world's finest gladiolus. A luscious La France Rose pink, shading to shrimp pink, with a cream throat lightly peppered crimson. Winner of innumerable prizes and generally considered better than Picardy the number one Gladiolus. 15c each; 3 for 30c; 6 for 50c; 12 for 75c; 100 for \$3.75.

EDITH ROBSON—A magnificent stately flower of mammoth size, on tall strong stems. When better known this variety will be up near the top of the list. The color is pure salmon, with a yellow area at the throat, in the centre of which is a vivid red spot. An Australian introduction of great merit. Entirely different in color tone from any other Gladiolus. 15c each; 3 for 30c; 6 for 50c; 12 for 75c; 100 for \$3.75.

FRANK J. MCCOY—Very handsome flowers of mammoth size in pure rose-pink, with a brilliant scarlet spot at the throat. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

GOLDEN POPPY—Handsome flowers of very deep pure yellow, with beautifully recurved petals. One of the deepest yellow Gladiolus and very handsome. 15c each; 3 for 30c; 6 for 50c; 12 for 75c; 100 for \$3.75.

MARY ELIZABETH—Beautifully ruffled white flowers with a yellow throat, 6 to 9 florets open at once on a huge spike. One of the most handsome new whites, winning prizes wherever exhibited. 15c each; 3 for 30c; 6 for 50c; 12 for 75c; 100 for \$3.75.

MARY FREY—A fine pure lavender variety and one of the first to flower. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

MISS ALAMEDA—This is one of the finest Gladiolus ever created, for it has every desirable quality. Deep salmon pink with a harmonizing carmine throat. 18 huge flowers to a stalk, 5 or more open at once. Very early. 15c each; 3 for 30c; 6 for 50c; 12 for 75c; 100 for \$3.75.

MRS. E. J. HEATON—A new variety with a great future. Huge flowers of rich glowing salmon, with a cream throat. A magnificent exhibition variety. Unsurpassed as a cut flower. 15c each; 3 for 30c; 6 for 50c; 12 for 75c; 100 for \$3.75.

MRS. S. A. ERREY—Huge flowers of Grandiflorus type on stalks over 4 feet tall, color coral, overlaid with a feathering of orange-scarlet, with a brilliant red spot at the throat. An Australian introduction of great merit. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

ORANGE SOVEREIGN—Large flowers of refined soft orange, changing to soft yellow at the throat, on tall stately stalks. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

POLAR ICE—I believe this variety is destined to head the list as the best white. The flowers are of purest snow white and the exquisite daintiness and perfection of form is all that could be desired. There are 20 large flowers to a 4 foot stalk. 15c each; 3 for 30c; 6 for 50c; 12 for 75c; 100 for \$3.75.

RED PHIPPS—An improved W. H. Phipps, in a brilliant sparkling pink, overlaid scarlet. One of the finest cut flower varieties and one of my own special favorites. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

WUERTEMBERGIA—A dazzling fiery-red Gladiolus with a creamy white throat. Gorgeous blooms of mammoth size on tall stalks. 10c each; 3 for 20c; 6 for 30c; 12 for 50c; 100 for \$2.75.

ALL LABELLED, ALL FINE PLUMP, HEALTHY, FLOWERING SIZE BULBS

Tigridias (Mexican Tiger Flowers)

(Also known as Mexican Shell Flower)

These very rare and marvelously beautiful flowers are of the most exotic appearance and never fail to attract attention. I am offering this year the most marvelous collection in the world of this unusual and very showy flower and the bulbs are the finest quality of Tigridia bulbs I have ever sold. There is only one way to enjoy these fascinating flowers in your garden and that is to plant fully developed

flowering size bulbs, such as I will furnish.

The colors range from soft yellow to deep orange and from soft pink to red, scarlet and crimson tones. There is also a pure snow white. Some are solid colors and others have beautiful leopard-like spots at the throat, those with spotted throats predominating. Plant them in the Spring and enjoy their loveliness all Summer.

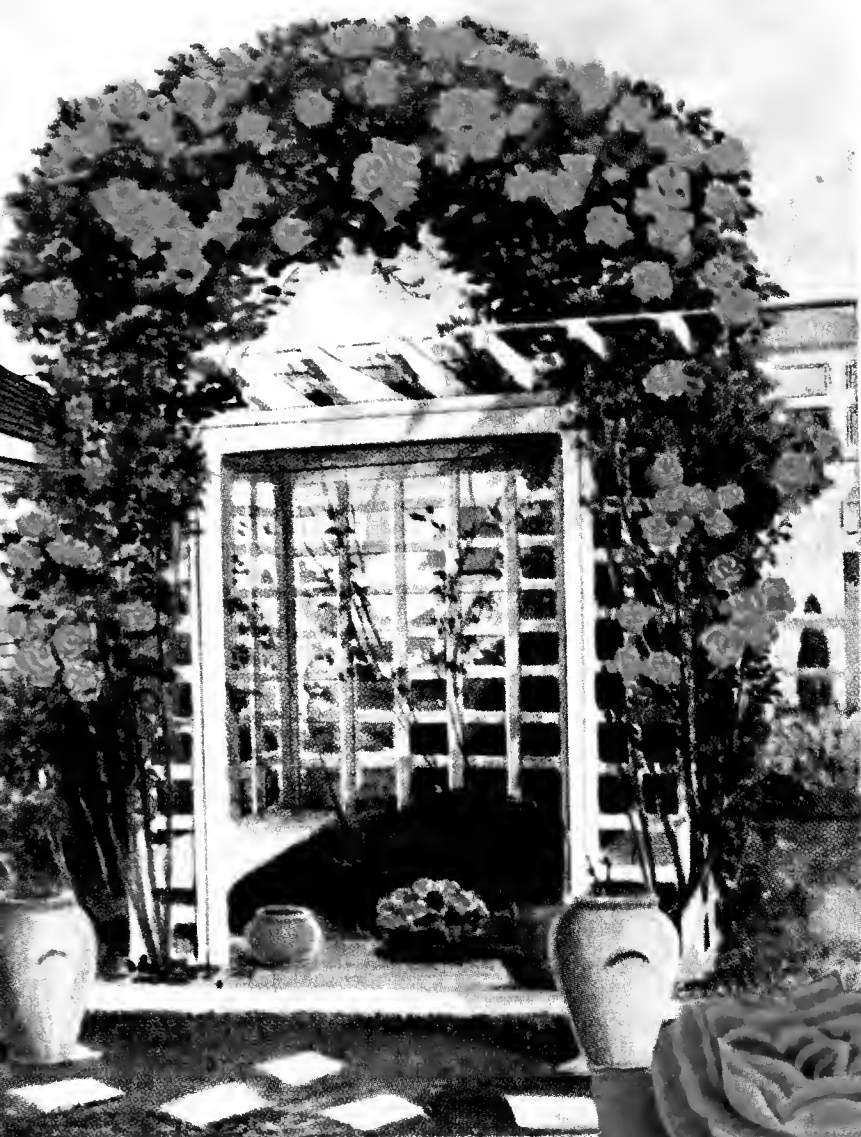

12 Bulbs for \$1.50

6 Mexican Tiger Flower Bulbs, Assorted Colors, \$1.00

100 Bulbs for \$10.00

Parcel Post Prepaid to Your Door.

Five Sensational Everblooming

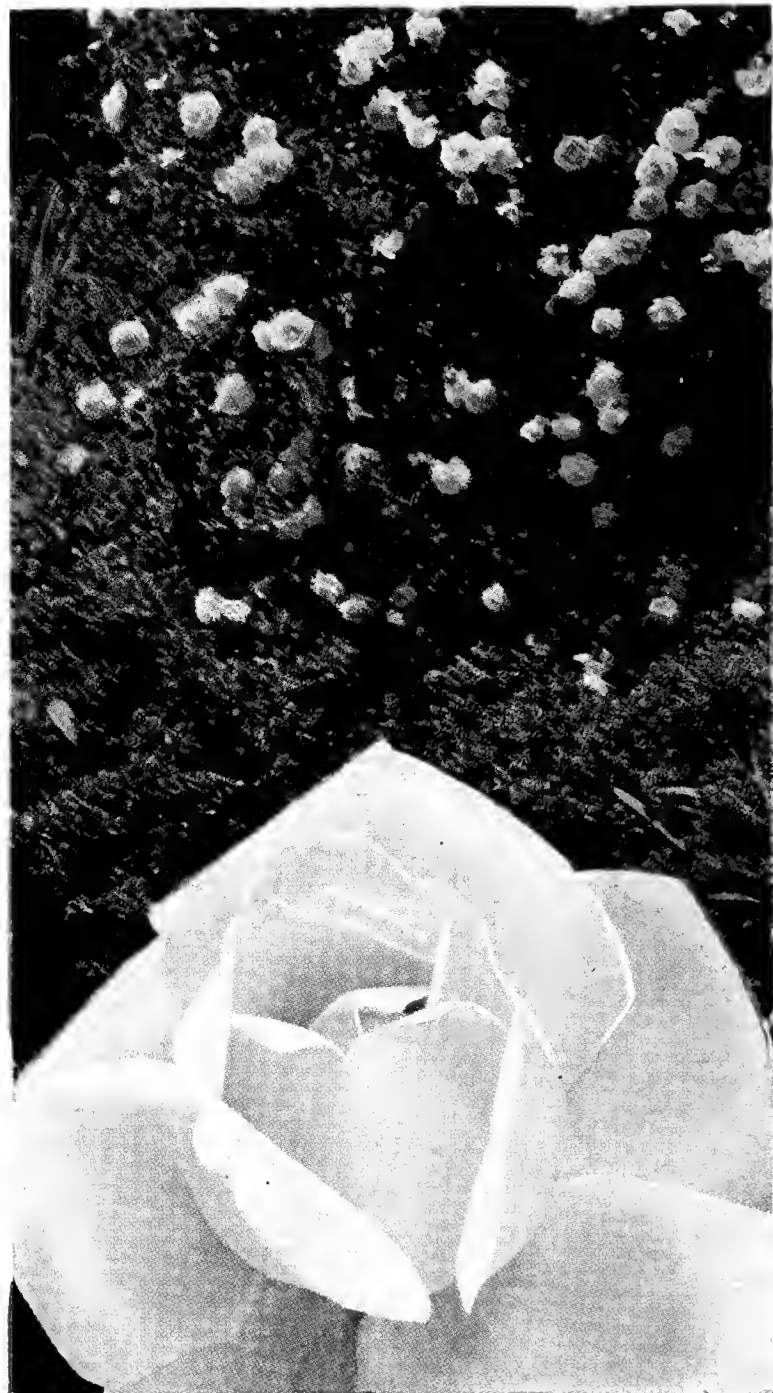

Climbing Talisman
Everblooming Rose

Climbing Talisman Everblooming Rose

The illustration above was made from an actual photograph of two Climbing Talisman Roses growing over an archway. Can you imagine anything more delightful? And the individual flower in the centre of the page, which is less than one quarter actual size, gives but a slight idea of the great beauty of this rose. The large double flowers are identical in form and color with the bush form, but even larger and more handsome, and this is saying a great deal, for no rose has ever approached the popularity of the Talisman rose as a cut flower. And in addition to this, the Climbing Talisman rose is a real everbloomer, being constantly in bloom from June until killed by frost. The plants furnished will be all extra strong number one field grown, two year old plants.

\$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$7.50.

New Dawn Everblooming Climbing Rose

New Dawn Everblooming Climbing Rose

See color illustration above. A very lovely soft pink Climber, and a real everbloomer. Every plant is **constantly in bloom all summer long right up until killed by frost**. Awarded the Bloomfield Medal for the best new Climbing Rose by The American Rose Society in 1935, this being the first time this Medal has been awarded. A robust grower and constant bloomer.

\$1.50 each; 3 for \$3.75.

Climbing Roses

For many years the famous "Radiance" roses have been the standard by which all other Hybrid Tea Roses have been judged as to vigour, freedom of bloom, hardiness, and general desirability everywhere. No rose has ever equaled the Radiance roses in all these desirable qualities, for which A SILVER MEDAL WAS AWARDED BY THE AMERICAN ROSE SOCIETY. NOW WE ARE ABLE TO OFFER YOU THE EVERBLOOMING CLIMBING FORM, WITH ALL THESE DESIRABLE QUALITIES AND WITH AN EVEN GREATER PROFUSION OF BLOOM. WHY HAVE A CLIMBING ROSE THAT BLOOMS JUST ONCE, WHEN YOU CAN HAVE THE FINEST ROSE IN THE WORLD, ALWAYS IN BLOOM, AT SMALL COST.

Everblooming
Climbing
Red Radiance

Everblooming Climbing Red Radiance Rose

Perfect cut flowers, one to a stem, as fine as hot-house grown roses. Color rich, deep, American Beauty red. The illustration in the upper right hand corner is greatly reduced, the rose being extra large, very double, perfectly formed and extremely fragrant. Exactly the same as the Everblooming Climbing Radiance Rose, excepting for color.

\$1.00 each; 3 for \$2.50; 6 for \$4.50;
12 for \$7.50.

Everblooming
Climbing
Radiance
(Greatly
Reduced)

Everblooming Climbing Radiance Rose

The color illustration at the right is made from an actual photograph, but very greatly reduced in size, the flower being about four times as large as the illustration. It is a gorgeous cut flower and a real sensation in the garden.

\$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$7.50.

Everblooming Climbing President Hoover

The President Hoover Rose has been one of the sensations of the century, and has been AWARDED TWO GOLD MEDALS AND ONE SILVER MEDAL. It is a rose of huge size, perfect form, and marvelous colors. (See greatly reduced illustration at right.) Now offered in Everblooming climbing form at \$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$7.50.

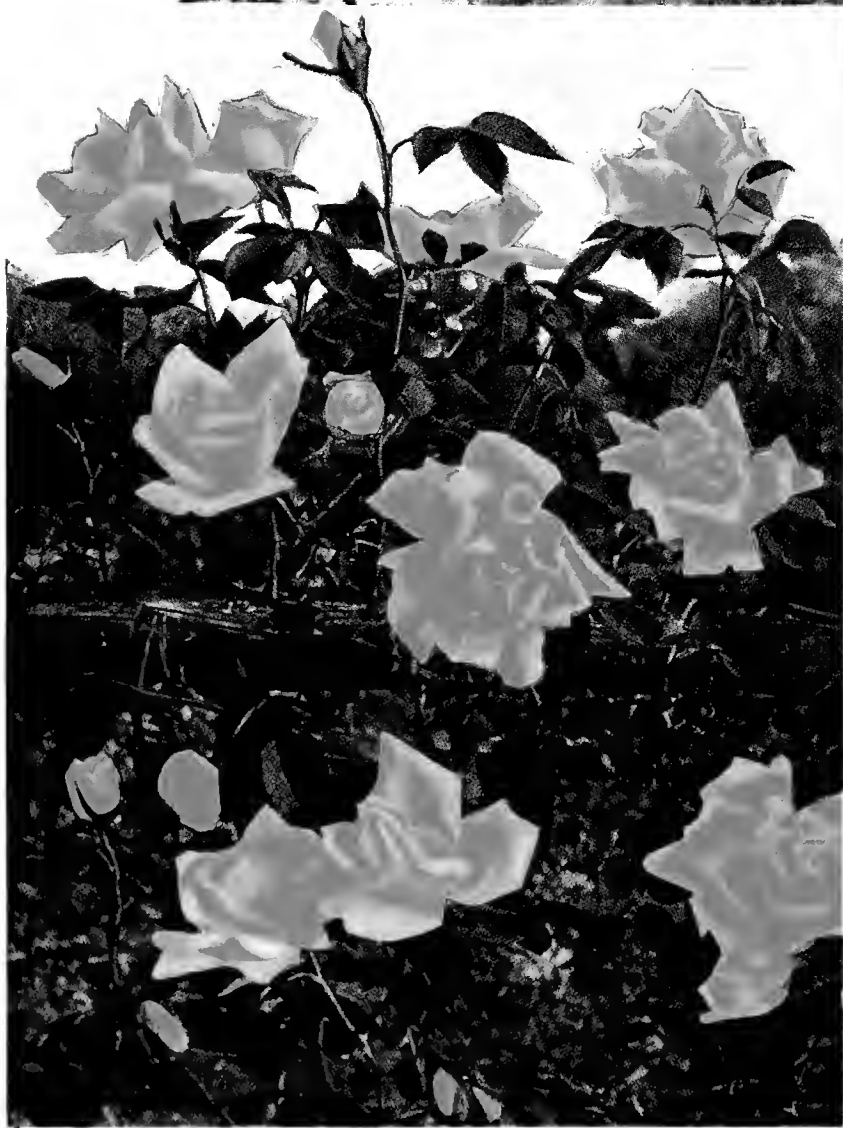

ALL PRICES ON THESE TWO PAGES ARE DELIVERED ANYWHERE IN THE UNITED STATES REGARDLESS OF THE AMOUNT OF THE ORDER, ONLY EXTRA STRONG, TWO YEAR OLD "CREAM QUALITY" BUSHES WILL BE SENT OUT ON ALL ROSE ORDERS.

**BLAZE
ROSE**

GOLDEN CLIMBER (Mrs. Arthur Curtis James) Plant Patent No. 28 — WINNER OF THE GOLD MEDAL AWARDED BY THE MASSACHUSETTS HORTICULTURAL SOCIETY. IT ALSO HAD THE GREAT DISTINCTION OF BEING THE WINNER OF THE AMERICAN ROSE SOCIETY'S MEDAL FOR THE BEST ROSE OF 1933. The color illustration at right gives but a very faint idea of the great beauty of this magnificent Rose, for it is a perfectly gorgeous flower of Hybrid Tea type, four to five inches in diameter, perfectly double, and of fine form. It is a pure deep yellow climber, holding its color until the last petal falls. The flowers are usually produced one to an 18-inch stem, making them ideal for cutting. It has hardy, glossy foliage and ornamental red thorns on rich green wood. The flowers are exquisitely fragrant. The plant is a rugged grower and is hardy in severe sub-zero weather. It is the Yellow Climber that Rosarians have been looking for. Should be planted in full sun for best results. **\$1.00 each; 3 for \$2.50.**

Golden Climber

PLANT PATENT
NO. 28

Climbing Roses

BLAZE CLIMBING ROSE, Plant Patent No. 10. See color illustration on opposite page. Can you imagine anything more attractive than this "Blaze of Glory"? A sport of Paul's Scarlet Climber, with all its beauty, hardiness, vigour and profusion of bloom, but with a tendency to produce two or more crops a year in same localities when fully established. One of the most showy of all climbers. **\$1.00 each; 3 for \$2.50.**

GOLDEN GLOW, Plant Patent No. 263. A sensational pure deep spectrum yellow climber of hybrid tea type, with such intense freedom of bloom that the foliage is literally hidden by the flowers when it is in bloom. It is a great improvement over the Golden Climber in profusion of bloom and intensity of color. Huge perfect double flowers up to 5 inches, superb as cut flowers, and borne in clusters up to 15 or more to a cluster, one cluster often making a large bouquet. Very fragrant, hardy, and disease resistant. Be the first to have this new Rose in your community. It will be a sensation. Number one, strong 2 year old "Cream Quality" field grown plants. **\$1.00 each; 3 for \$2.50.**

"Elegance" Rose

Patent Pending

This new climbing rose, with its sparkling brilliance, is the last word in climbers. It is also the result of 35 years of cross breeding, and is the greatest climber introduced to date. The illustration above is made from an actual photograph, but is greatly reduced, because if it were reproduced in actual size it would have filled this entire page, for the flowers are up to 6½ inches across. It is the first of the climbers to flower and continues blooming over a long period. It is a prodigious bloomer. The flowers are very double and of perfect hybrid-tea form. 65 petals when first open, beautifully recurved petals; exquisite China-Tea fragrance. Yellow centre, blending to cream colored outer petals and eventually becoming pure Ivory. Stiff strong flower stems, up to 4 feet, with one to twenty flowers to a stem. New type of feathered shiny foliage. Disease resistant, sub-zero hardy. It has everything. Extra strong two year old field grown plants **\$1.50; 3 for \$3.75.** Delivered anywhere in the U. S.

GOLDEN ORANGE CLIMBER, Plant Patent No. 96. Another new climber and a flower of great refinement. Huge, semi-double informal crinkled flowers of pure yellow to light cadmium orange, stippled and splashed with orange-scarlet. Very rich China Tea fragrance. Superb as a cut flower and magnificent on the trellis. **\$1.50 each; 3 for \$3.75.**

Grace Wayman Rose

The World's Finest Climbing Rose

Every visitor who has seen the Grace Wayman Rose in bloom in my garden has pronounced it the finest Climbing Rose they have ever seen, and you will say so too when you see it in bloom. I have grown it beside every climbing rose I know of, but have not found one to compare to it. The illustration above is made from AN ACTUAL PHOTOGRAPH, GREATLY REDUCED. Comparing it with other modern pink climbing roses, it is a much better color, better form, larger, more double, of heavier substance, and a more profuse bloomer. It makes an excellent companion piece for Elegance Rose, and for Golden Climber, either on the trellis or as a cut flower. In color it is a luscious pink, a flower of mammoth size and unsurpassed form. And such profusion of bloom! One wonders how any plant can produce so many gorgeous flowers, each blossom a perfect cut flower, on a strong stout stem, as fine as any hot-house grown rose. As to hardiness, it has gone through all of our severe winters, as low as 17 below zero, without protection. It is a strong grower, producing long heavy canes. But the big surprise is that Grace Wayman rose, in addition to the huge crop of roses furnished in June, will also give you an occasional rose throughout the summer, and an abundant second crop in the fall until killed by frost. It is the most profuse fall bloomer of all. **EXTRA STRONG TWO YEAR OLD FIELD GROWN PLANTS \$1.00 EACH; 3 FOR \$2.50. DELIVERED ANYWHERE IN THE U. S.**

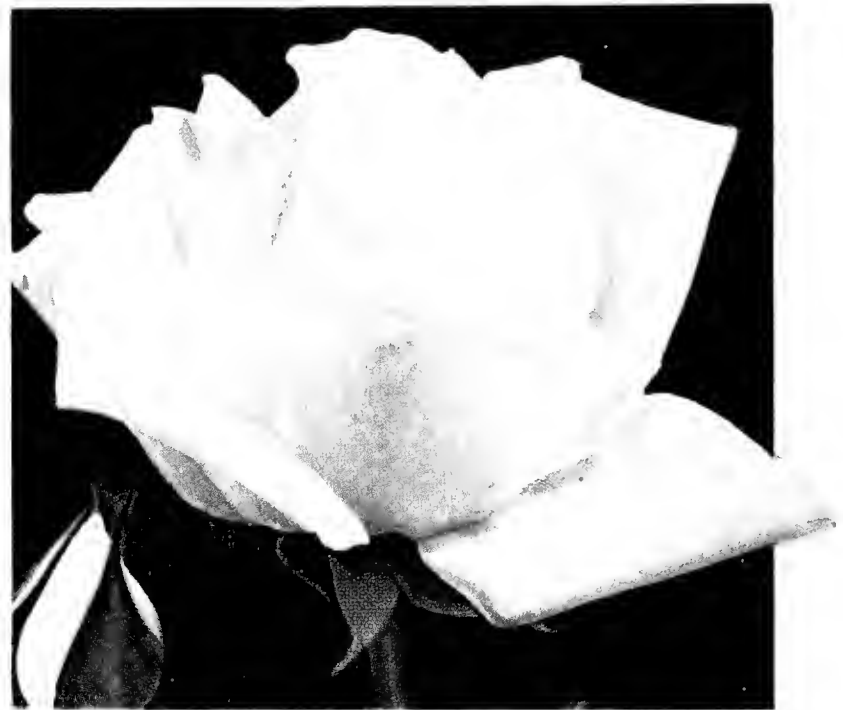

PEGGY ANN LANDON—This delightful new climber is now offered for the first time. It is named after the charming daughter of the Governor of Kansas. The buds are "Sunflower" yellow orange. One of the first climbers to bloom. Flowers very freely produced on strong stems, singly and in clusters, and continuing over a long period. Exquisite China Tea fragrance. Produces 20 feet or more of canes. Shiny dark green foliage. **\$1.50 each; 3 for \$3.75.**

The Best of the New Patented

WHITE BRIARCLIFF (Everblooming) Plant Patent No. 108. See illustration at right which is greatly reduced. This is the supreme white rose of the year, of huge size, perfect form and pure glistening snowy whiteness. Hardy and a continuous and free bloomer. The best white rose to date for all purposes. **\$1.00 each; 3 for \$2.50.**

POLAR BEAR (Everblooming) Plant Patent No. 132. A cross of Rugosa, Polyanthus, and Nutkana, giving large exquisite fragrant hybrid tea type roses, of extreme vigour and hardiness, constantly in bloom. White, with a faint flesh tint. **\$1.00 each; 3 for \$2.50.**

**Rome
Glory
(Everblooming)**

© 1935

White Briarcliffe (Everblooming)

PLANT PATENT
NO. 108

ROME GLORY (Everblooming) Plant Patent Applied For. This is undoubtedly the finest red rose introduced to date, being even finer and more brilliant in color than the illustration. The delightfully fragrant flowers are produced in great profusion all summer long, on long stems, which makes them ideal for cutting. The flowers are perfect in every stage, from the crimson red buds to the fully blown flower. They are long lasting, either on the bush or when cut. The plant is a robust and vigorous grower and it is one of the most winter hardy of all hybrid tea roses. I do not hesitate in recommending Rome Glory as the one red rose that should be in every garden. **\$1.50 each; 3 for \$3.75.**

IN PURCHASING THESE NEW PATENTED HARDY HYBRID TEA ROSES, YOU ARE ASSURED THAT YOU WILL HAVE IN YOUR GARDEN THE FINEST ROSES CREATED TO DATE, AS WELL AS THE NEWEST. NEWNESS IS ASSURED BECAUSE NO PLANT PATENTS WERE ISSUED PRIOR TO 1930. SUPERB QUALITY IS CERTAIN, BECAUSE NO PLANT PATENT IS ISSUED EXCEPTING TO SOMETHING NEW AND DISTINCT, OR A SUFFICIENT IMPROVEMENT OVER VARIETIES ALREADY IN EXISTENCE TO JUSTIFY ISSUING A PATENT AS SOMETHING NEW AND DISTINCTIVE. WHEN YOU BUY A PATENTED ROSE, YOU NOT ONLY BUY A "NEW" ROSE, BUT SOMETHING SUPERIOR TO ANYTHING PREVIOUSLY IN EXISTENCE.

Everblooming Hardy Hybrid Tea Roses

Ronsard
(Everblooming)

RONCARD (Everblooming) Plant Patent Applied For. See illustration at right. A new type of rose of the most astounding colors. The bud is pure yellow, but the edges of the petals gradually curl back and display the deep brilliant red inside color, the fully open rose being a striking two-tone effect, as shown in the illustration. The flowers are produced in great profusion throughout the season. **\$1.50 each; 3 for \$3.75.**

McGREDY'S PINK (Everblooming) Plant Patent Rights Reserved. See illustration below. It would be hard to imagine a more delightful satiny pink Rose than this new Rose from Ireland. It has just a touch of yellow at the base of the petals to add to its unusual beauty. The flowers are large, of perfect form, sweetly scented, and produced continuously from June until late Autumn. Superb as cut flowers, and magnificent in the garden. **\$1.50 each; 3 for \$3.75.**

McGredy's Pink (Everblooming)

GOLDEN MAIN (Everblooming) Plant Patent No. 254. See illustration lower left. This new Rose is one of the most brilliant of all yellow Roses, with large flowers that look like burnished brass. The colored illustration does not begin to do it justice. It is also one of the most hardy, vigorous, and free flowering of all Roses, being constantly in bloom. The dark green foliage has a highly polished appearance and is disease resistant. **AWARDED A SILVER MEDAL IN 1937.** There is no more satisfactory golden yellow Rose than Golden Main. **\$1.25 each; 3 for \$3.25.**

SIGNORA (Everblooming) Plant Patent No. 201. See color illustration below, but the flower is much more handsome than the illustration. The first winner of the **GOLD MEDAL** awarded by the newly organized International Contest of new Roses at the Gardens of Cello Oppio in Rome, Italy. Also awarded **GOLD MEDAL** in Portland, 1937, scoring highest rating of any 1937 Rose. This Rose is a real masterpiece in both plant and bloom. Long bud of burnt sienna, opening to a lighter shade, towards mandarine. Tall growing plant, with every bloom on a long stem. Very fragrant. **\$1.25 each; 3 for \$3.25.**

PLANT PATENT
NO. 62

GOVERNOR ALFRED E. SMITH (Everblooming) Plant Patent No. 62. See color illustration above. If you have ever seen this rose, I need not tell you that it is sensational in every way. In size and shape it somewhat resembles a peony. The color is salmon pink, with an artistic blending of soft gold and with deeper tones on the outside of the petals. The bud is an artistic beauty and through its various stages of development new attractions are unfolded daily. It has a delightful sweet fragrance, and is an easy rose to grow. It has everything. **\$1.00 each; 3 for \$2.50.**

MARY HART (Everblooming) Plant Patent No. 8. See color illustration at right. Unsurpassed as a dark red rose, the color being a strikingly brilliant blood red, with an unusual velvety texture. The flower is of perfect form and may be depended upon to give an abundance of blooms all summer. Unexcelled in its color. **\$1.00 each; 3 for \$2.50.**

Fram a praminent New York Senatar:

"Your roses are certainly wonderful. Mrs. has obtained some very nice flowers from those planted this Spring. A Mr. who was in charge of our place in 1937, ordered quite a few rose bushes from you and every one of them produced the most beautiful roses seen in this section."

**YOU TOO MAY HAVE MARVELOUS RESULTS WITH
WAYMAN ROSES.**

NO. 8

Mary Hart (Everblooming)

Hardy Hybrid Tea Roses

(Continued)

ALEZANE (Everblooming) Plant Patent No. 116. AWARDED A SILVER MEDAL BY THE AMERICAN ROSE SOCIETY—1936. See color illustration at right, but the illustration gives but a faint idea of the great beauty of the flower, as it is much more handsome than shown by the illustration. It is a real beauty at every stage, in astounding colors that it is simply impossible to describe and in a perfection of form that leaves nothing to be desired. You'll be amazed at the beauty of Alezane in its various stages of development, from bud to full blown flower. **\$1.25 each; 3 for \$3.25.**

Alezane (Everblooming)

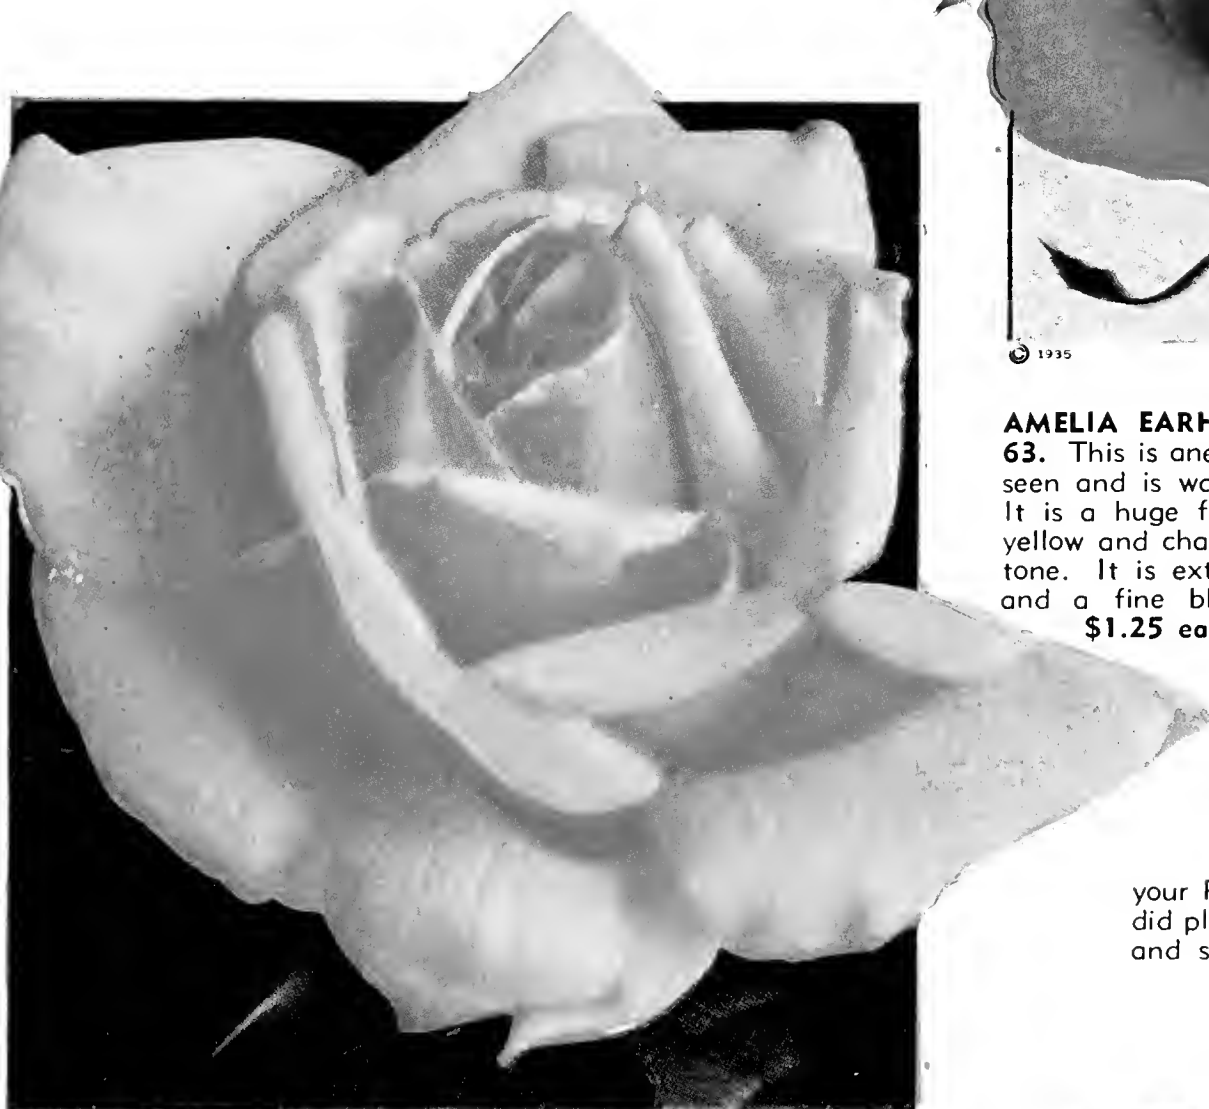

PLANT PATENT
NO. 116

AMELIA EARHART (Everblooming) Plant Patent No. 63. This is one of the most delightful roses I have ever seen and is wanted by everyone who sees it in bloom. It is a huge flower, extremely double, opening a soft yellow and changing to Ivory, with a slight blush overtone. It is extremely fragrant, a rugged, robust plant and a fine blamer. See color illustration at left. **\$1.25 each; 3 for \$3.25.**

From Virginia:

"All the plants, Iris, Roses, Phlox, etc. received from you have given splendid results. I took first prize at the recent Newport News Flower show for collections of both your Roses and Iris. Thank you for the splendid plants and the way they are always packed and shipped."

PLANT PATENT
NO. 63

Amelia Earhart (Everblooming)

BETTER TIMES (Everblooming) Plant Patent No. 23. See illustration at right. Whether you wish a rose which holds its perfect form as shown by the color illustration, or for striking and brilliant color effect in the garden, or for profusion of bloom all throughout the summer, or for cut flowers indoors, Better Times is hard to beat. It has long crimson buds of delightful form, developing to very large delightfully fragrant, perfectly formed flowers on long strong stems. **\$1.00 each; 3 for \$2.50.**

All orders for patented roses over \$2.00 delivered anywhere in the United States Charges prepaid.

On orders of \$2.00 or under, please add twenty cents (20c) to cover postage and packing.

Better Times (Everblooming)

The Best of the New Patented Everblooming

**Matador
(Everblooming)**

MATADOR (Everblooming) Plant No. 170. AWARDED A SILVER MEDAL AT PORTLAND, 1936. See color illustration at left. This is one of the most remarkable deep dark red roses ever produced. It is a brilliant crimson, with a rich velvety maroon sheen. The flower is very large and perfect in form and brimful of attar of Rose. It is a sturdy grower, a free bloamer, and equally fine as a bedding variety or as a cut flower. The petals are of heavy kid-like substance, but with a velvety sheen, giving an unusual richness. **\$1.00 each; 3 for \$2.50.**

ALL PATENTED ROSES ARE PREPAID TO DESTINATION ANYWHERE IN THE UNITED STATES WITHOUT FURTHER COST.

IT WILL BE NOTED THAT MANY OF THE FINE NEW PATENTED ROSES WHICH FORMERLY SOLD AT \$1.50 to \$2.50 EACH HAVE NOW BEEN REDUCED TO \$1.00 EACH, 3 for \$2.50, THUS PLACING THEM WITHIN THE REACH OF ALL. **MATADOR** is a striking illustration of this; also **RHEINGOLD. GLOAMING**, on the opposite page, is another.

ALICE HARDING (Everblooming) Plant Patent No. 202. See illustration on front cover. This new rose, **aworded the Gold Medol of the American Rose Society, 1936**, is the masterpiece of the famous French Rosarian Mallerin and is unquestionably the greatest yellow Hardy Hybrid Tea Rose produced to date. It combines the best exhibition qualities with perfection as a garden subject and is a perfect flower in every way as well as a continuous bloamer. **\$1.50 each; 3 for \$3.75.**

RHEINGOLD (Everblooming) Plant Potent No. 138. See illustration at right. A real golden yellow rose of perfect form, exquisite fragrance, and delightfully double, the flowers forming a pleasing contrast in the garden, with the large, light green, leathery foliage. A profuse bloomer all summer. **\$1.00 each; 3 for \$2.50.**

Rheingold (Everblooming)

Hardy Hybrid Tea Roses

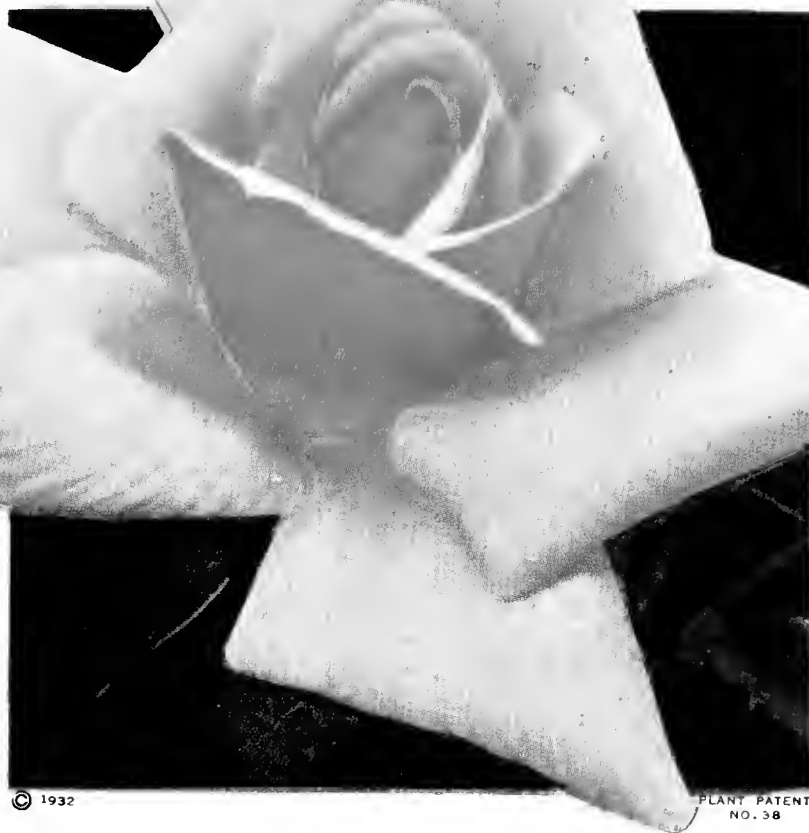

(Continued)

COUNTESS VANDAL (Everblooming)
Plant Patent No. 38. See illustration at right. This Rose has been acclaimed the belle of the modern Rose Pageant, defeating all challengers by producing, without exception, the most artistic bud in rosedom, garbed in coppery bronze and pink, suffused with soft gold and silvery tones. It presents a continuous "movie", developing new beauty in the various stages of development. Constant bloomer all summer and fall. **\$1.00 each; 3 for \$2.50.**

GLOAMING (Everblooming) Plant Patent No. 137. See illustration below. **AWARDED A GOLD MEDAL BY THE AMERICAN ROSE SOCIETY 1936. ALSO AWARDED A GOLD MEDAL IN FRANCE 1936.** I am sorry I did not have room on this page to show a completely developed flower instead of just a bud, as it is one of the most handsome roses grown, in all stages. The general tone is salmon pink, overcast with tawny orange and gold at the base, running up the reverse of petals. The open bloom is very large, very double, of perfect form and exquisitely fragrant. While it is a pink rose, there is no other rose like it. **\$1.00 each; 3 for \$2.50.**

RADIANT BEAUTY (Everblooming) Plant Patent No. 97. See illustration at lower right. The name aptly describes the flower, for it is a real "Radiant Beauty". This name is especially fitting because of an unusual new "eggshell finish". The color is a unique tone of brilliant deep red, and the flowers develop an unusual perfection in all sorts of weather. It is a hardy, vigorous grower, and a real ever-bloomer. **\$1.00 each; 3 for \$2.50.**

The Best of the New Patented Everblooming Hardy Hybrid Tea Roses (Continued)

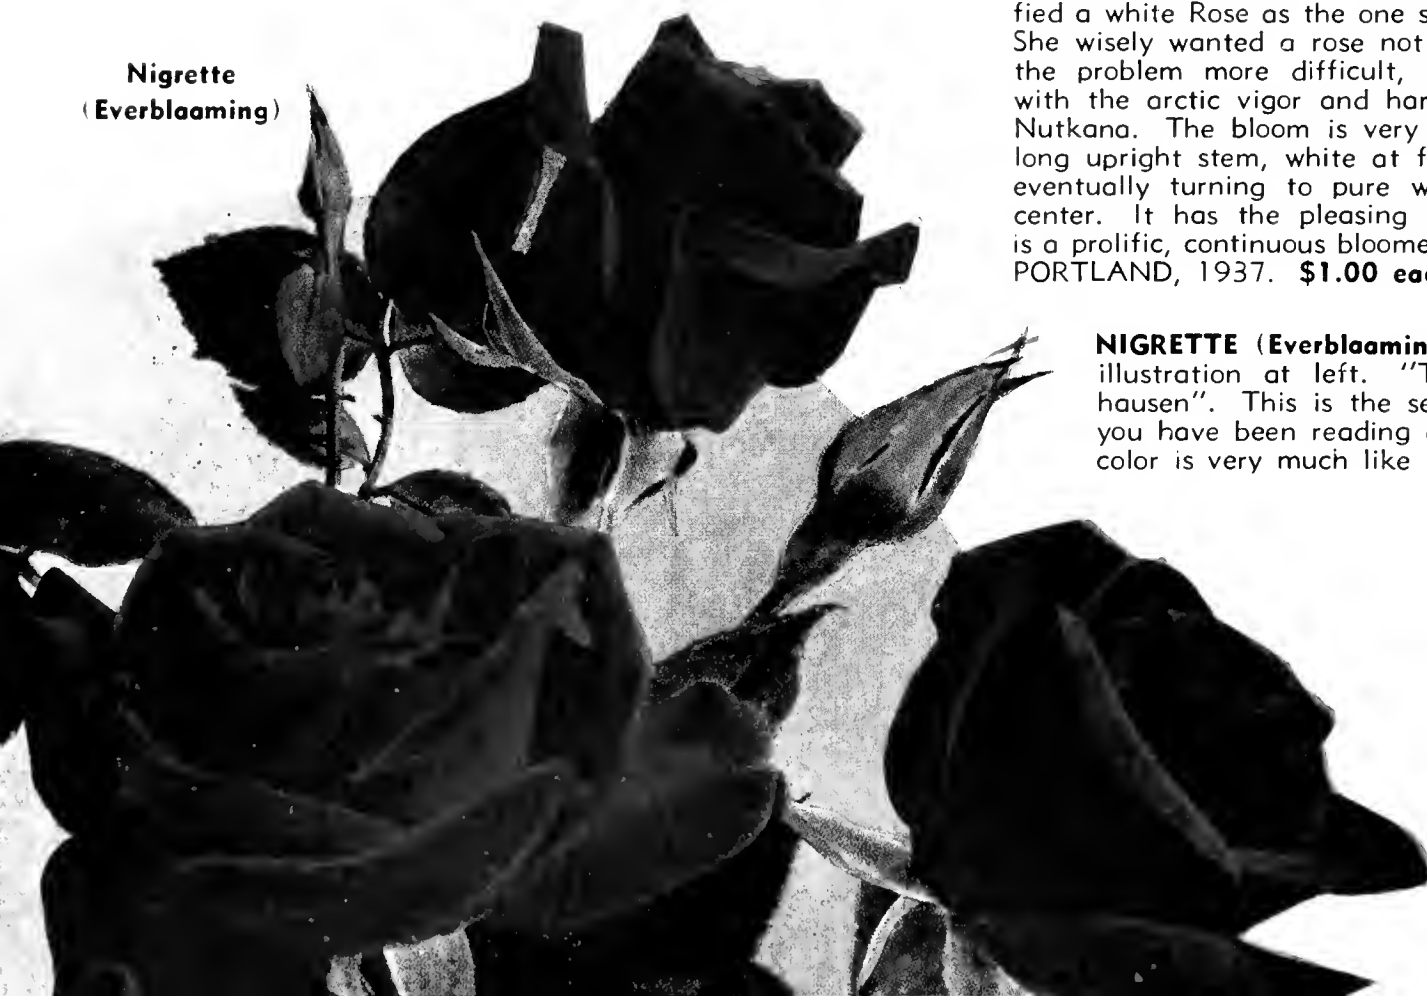

COPYRIGHT 1935 BY J. & P. CO.

ECLIPSE (Everblooming) Plant Patent No. 172. See illustration above. A new American introduction and an International Rose sensation, WINNING ALL GRAND AWARDS THE WORLD OVER IN COMPETITION WITH ALL OF THE WORLD'S FINEST ROSES. Awarded prizes in Rome, Paris, and other test gardens, culminating in the BAGATELLE GOLD MEDAL awarded in France, June, 1936 for the best new Rose of the year. Previously awarded a GOLD MEDAL IN MAY, 1936, at the ANNUAL SHOW OF THE NATIONAL HORTICULTURAL SOCIETY OF FRANCE. In October, 1935, the ITALIAN GOVERNMENT AWARDED ECLIPSE THEIR ONE GOLD MEDAL OF THE YEAR. Elongated, streamlined buds of pure gold yellow opening to a magnificent double Rose of the same golden yellow color. **\$1.25 each; 3 for \$3.25.**

MRS. FRANCIS KING (Everblooming) Plant Patent No. 253. A rose that is difficult to illustrate in color, although the color plate above is an attempt to present some of the attractive features of this delightful rose. It belongs to a new race of roses, being a hybrid of Nutkana and related to Leonard Barron, first of that breed. All hybridizers agree that a good white rose is hardest to produce. This probably is why such a connoisseur as Mrs. Francis King, one of the founders of the Garden Club of America, specified a white Rose as the one she wished to bear her name. She wisely wanted a rose not easily duplicated. To make the problem more difficult, she requested "white gold" with the arctic vigor and hardiness of the Alaskan Rose, Nutkana. The bloom is very large and full, carried on a long upright stem, white at first, tinted cream and ivory, eventually turning to pure white, with soft gold in the center. It has the pleasing fragrance of wild roses and is a prolific, continuous bloomer. CERTIFICATE OF MERIT, PORTLAND, 1937. **\$1.00 each; 3 for \$2.50.**

**Nigrette
(Everblooming)**

NIGRETTE (Everblooming) Plant Patent No. 87. See illustration at left. "The Black Rose of Sangerhausen". This is the sensational new "Black Rose" you have been reading about in the newspapers. Its color is very much like that of the Black Tulip, and from a little distance it seems to be dead black. This unusual Rose will be greatly admired in your garden. **\$1.00 each; 3 for \$2.50.**

TEMNO (Everblooming)
A new dark rose the color of Nigrette, and said to be an improvement on that variety. **\$1.00 each; 3 for \$2.50.**

New Polyantha and Floribunda Roses

Arctic Hardy Everblooming

A group of new, little known Arctic-Hardy Roses that are never out of bloom, especially bred for mass planting; noted for their permanence, freedom of bloom and ease of culture. For continuous color mass in the garden, or for hedges or borders, they are more effective than any other roses, as well as the most hardy. These newer roses are a vast improvement over the older Polyantha types, and they produce more flowers than any other roses grown. There never has been a finer group of them than those listed on this page.

ANNE POULSEN (Everblooming) Plant Patent No. 182. See color illustration at right. By far the best red rose in this class and the largest of this type. Large semi-double fragrant flowers of intensely vivid scarlet-crimson in large sprays. **\$1.00 each; 3 for \$2.50,**

PERMANENT WAVE (Everblooming) Plant Patent No. 107. Similar in color and habit to Anne Poulsen, illustrated at right, excepting that the petals are beautifully fluted and waved, the name being most appropriate. **\$1.00 each; 3 for \$2.50.**

ROCHESTER (Everblooming) Plant Patent No. 131. See color illustration below. No bush rose ever produced more blooms per plant than Rochester. The flowers are fully double, in a most attractive subtle two-tone effect, pink and buff, deeper at the centre, having coppery tones and yellow at the base of the petals. A new innovation in this type of rose. **\$1.00 each; 3 for \$2.50.**

GOLDEN SALMON (Everblooming). WINNER OF THREE GOLD MEDALS and other important awards. Most unusual flowers of beautiful Golden Salmon to pure orange. No other rose like it. Very striking color. **\$1.00 each; 3 for \$2.50.**

MRS. R. M. FINCH (Everblooming). The most remarkable pink rose in this class, the double flowers being freely produced in large clusters all summer long. **\$1.00 each; 3 for \$2.50.**

Anne Paulsen (Everblooming)

Rochester (Everblooming)

PLANT PATENT
NO. 131

BUTTERFLIES OF GOLD (Everblooming), Potent Rights Reserved. A new large yellow Polyantha rose, being similar to the famous Golden Climber Rose, Mrs. Arthur Curtis James, in color and form, but even a purer yellow. A constant bloomer and sub-zero hardy. **\$1.00 each; 3 for \$2.50.**

GLORIA MUNDI (Everblooming). Winner of FOUR GOLD MEDALS, A SILVER CUP, and many other notable Awards. A sensational new Polyantha rose producing fully double flowers of unusual orange-scarlet. **\$1.00 each; 3 for \$2.50.**

KAREN POULSEN (Everblooming). Brilliant vivid flame scarlet single flowers in huge trusses produced all summer and fall. **75c each; 3 for \$1.75.**

GEO. ELGER (Everblooming). Very double flowers of golden coppery yellow, passing to clear yellow, borne in large clusters. Constantly in bloom from June until Fall. **\$1.00 each; 3 for \$2.50.**

"Gold Medal" Collection of

Sixteen Gold and Silver Medals and Four Cups have been awarded to roses illustrated and listed on this double page, as well as many other notable awards. One might get the impression from this that Medals and Cups are awarded quite generously, but such is not the case. Such awards are given to comparatively few roses, and only to those of outstanding merit in competition with the best roses of the world. But this is a real "Gold Medal" collection, as the name implies. It is the selection of the few best among the many thousands of unpatented roses; Talisman, of which more roses are sold by florists as cut flowers than any other rose ever grown; Etoile de Hollande and E. G. Hill, the two most popular red roses; Dame Edith Helen, Betty Uprichard, Mme. Edw. Herriott, Willowmere, and Mrs. Henry Morse, the best pinks; Lady Hillingdon, Rev. F. Page Roberts, Mrs. E. P. Thom, and Souv. de Claudius Pernet, Champion yellows; Pres. Herbert Hoover and Autumn, magnificent blended bi-colors, etc.

Red Radiance

Only "Cream Quality" two year old field grown, strictly No. 1 plants will be shipped. No better bushes can be produced than those that will be sent to fill your order. These "Cream Quality" Roses are selected with such care that, in a field of two year old plants, only about one of every three is selected as coming up to the high standard of excellence that is required for all roses I ship out.

Hardy Everblooming Hybrid Tea Roses

In addition to the 19 varieties illustrated in color on these two pages, there are a few other choice varieties of unusual merit, gathered together from different parts of the world, that should also be included in a list of "The World's Finest Roses." These are so outstanding that no rose garden should be without them. They are as follows:

AMI QUINARD—This marvelous French rose is the same color as the famous Nigrette rose, a very rich, dark, velvety blackish-maroon. It is a rugged robust grower and exceedingly free flowering. It is the WINNER OF SEVERAL AWARDS and rates as one of our very best roses. Handsome and delightfully fragrant.

CALEDONIA—At least one good white rose is indispensable in any group and I have chosen Caledonia as the one for this purpose. It is a rose from Bonnie Scotland and was the WINNER OF THE GOLD MEDAL OF THE SCOTTISH NATIONAL ROSE SOCIETY. It is a very large, fragrant, snow white flower of perfect form, a rugged vigorous grower and a free bloomer all summer.

GOLDEN DAWN—An Australian introduction of sunflower yellow, changing to lemon yellow with age. A hardy, rugged, vigorous growth and a constant bloomer. Winner of several Awards, including a Silver Medal.

MISS ROWENA THOM—Enormous flowers of bright pink with a touch of yellow at

the base of the petals. Vigorous, robust grower and a profuse bloomer all summer. Delightfully fragrant. Recipient of several AWARDS AND MEDALS including the SILVER MEDAL OF THE AMERICAN ROSE SOCIETY. One of the very finest pink roses.

M. G. A. VAN ROSSEM—This Holland introduction is such a lovely rose that if I had a garden with just three roses I would want one of them to be this beauty. It is a very large, double, very fragrant, perfectly formed flower of a most unusual ecru color, reminding one of Shantung silk, with the reverse of the petals often dark bronze to nearly brown. No other rose like it.

RED RADIANCE—No rose has ever excelled Red Radiance and its partner Radiance illustrated in the lower left hand corner, for profusion of bloom under adverse conditions, for quantity of choice flowers produced, for persistent continuous flowering, for rugged, hardy, robust growth. And added to all these good qualities, this handsome American-Beauty-red Rose looks as though it were grown in a hot house and is ideal for cutting.

Dame Edith Helen

Autumn

The Cream of the World's Best New Decorative Dahlias

Jersey's
Beauty

Former \$10.00 and \$20.00 Values—Now 25c and 35c Each.

This collection of the newer and better Dahlias is by far the finest group of Decorative Dahlias I have ever offered. MANY VARIETIES IN THIS GROUP ORIGINALLY SOLD AT \$10.00 to \$20.00 FOR A SINGLE TUBER, and even if you were to pay that price for Dahlias today you would not be likely to get anything finer than those listed on this page. Every variety is an exceptional dahlia, all are of huge size and the varieties in this group have been carefully chosen to give the widest possible color range. You will be delighted with every flower in this magnificent collection. All are sure prize winners. Try them in your flower show.

Order full collections at the bottom of this page, or make your own selection at the prices indicated.

ALTA NEVADA—A magnificent deep rose, blended with glowing tangerine; on very long, wiry, strong stems. **35c.**

BARBARA WEAR—Very large flowers of great size, depth and substance in a soft, pleasing pinkish lavender. **35c.**

"WONDERLAND" DAHLIA COLLECTION

Guaranteed former value \$35.00—Now \$2.00

8 New Giant, Showy Decorative Dahlias,
My Selection, Labelled, **\$2.00**
from the Foregoing List

Delivered Anywhere in the United States, Charges
Prepaid

The 8 varieties I will send would have cost you \$35.00 just a few years ago. Big strong tubers will be sent, that will give you an abundance of magnificent blooms this year. Each will be distinctive, no two alike. Make your garden a Wonderland of Beauty by planting these new and lovely creations.

BEAU IDEAL—Immense pure lavender flowers with a lighter centre. **25c.**

BLACK JACK—Huge handsome flowers of rich, deep, dark maroon on fine strong stems. **25c.**

CALUMET—An exceptionally free flowering variety, with magnificent flowers of chamois and gold. The gigantic flowers are often 8 to 10 inches across. A sure prize-winner. **35c.**

CARISSIMO—A new early brilliant dazzling Red. A prodigious bloomer, producing gorgeous flowers 7 to 10 inches across. **35c.**

CHEEMAR'S PURITY—My 1939 selection as the finest white. When flower first opens there is a delightful suggestion of ivory at the centre, gradually changing to the purest snowy whiteness. Attractive in all stages. **35c.**

COQUETTE—A thick, heavy, fluffy flower of Musketeer-red, blending to gold. A free continuous bloomer, with long strong stems. Perfect as a cut flower. **25c.**

ELITE GLORY—Monster flowers of pure American Beauty Red. A real sensation in the garden or on the show bench. **35c.**

ELINOR VANDERVEER—An incomparable Dahlia of exquisite beauty and immense size. Color glowing lavender-pink. **25c.**

E. T. BEDFORD—An unusual and attractive rich purple. Huge flowers and a prodigious bloomer. Best of its color. **35c.**

GRENADE—An unique flower of large size and depth. Quilled petals of purple-maroon, with a silver reflex. **35c.**

IMPERIAL PINK—A gorgeous pink, shaded primrose at the centre. A magnificent dahlia. **25c.**

JERSEY'S BEAUTY—This variety still holds the lead as a cut flower. It is said American florists sell more Jersey's Beauty than all others combined. See illustration. **25c.**

LOUISE PARSONS—A grand flower of shimmering pure gold on long strong stems. **25c.**

MONMOUTH CHAMPION—A "Five Star Champion" and one of the largest and finest of all Dahlias in pure flame scarlet. Flowers of immense size, very free flowering. **35c.**

NETAWAKA—Immense flowers of orange yellow, shading at the base to Jasper red; reverse of petals carmine. The petals twist somewhat, so that the reverse is much in evidence, producing a very handsome and unusual effect. **35c.**

ORANGE BRILLIANT—An extra long, clean stemmed variety in a very brilliant clear orange scarlet. Magnificent in the garden or as a cut flower. **25c.**

RADIO—One of the largest and finest of bicolors. Brilliant red, edged, tipped, and striped yellow. Sure prize winner. **35c.**

REGAL—The giant among the autumn shaded dahlias. Bronze, suffused old gold, with a pure gold base. Pinch back when first buds appear to produce long, strong stems. **25c.**

ROSE FALLON—Large flowers of amber, russet, bronze, and salmon. Winner of Darnell cup, 1930. A great beauty. **35c.**

SAGAMORE GOLD—Pure gold, burnished orange. A great improvement on the magnificent and popular variety Sagamore. A thrifty and vigorous grower and a great Dahlia. **35c.**

THOMAS HAY—A large, perfectly formed flower of a luscious deep lavender pink. Fine in the garden or as a cut flower and a sure winner on the show benches. **35c.**

WATCHUNG CHIEF—A "Five Star Prize Winner" in a rich burnt-orange color. Huge flowers on perfect stems. **25c.**

YANKEE QUEEN—A very lovely flower of true pink, without a trace of lavender, with a lighter area at the centre. Sturdy grower, and prodigious bloomer on fine strong stems. **35c.**

New "Tom Thumb" Pompon Dahlias

This group of 15 lovely little Pompon or Baby Dahlias is the answer to the flower lovers search for something new and distinctive and different in this delightful group of flowers. The necessarily brief color descriptions will give you but a faint idea of their beauty, but I can assure you that it is an entirely new group of Pompons that I am offering this year, and the finest I have ever been able to offer.

The Pompons are delightful little miniatures, two inches or less in diameter, with quilled petals, which because of their extreme daintiness, perfection of form and great profusion of bloom are especially suitable for table decoration, besides producing a dazzling array of beauty in the garden.

35c each; \$3.50 a dozen, Your Selection, Labelled

ADELAIDE—Blush, edged lavender.

ANNE CHRISTINA—Golden yellow, bronze centre.

ACE OF DIAMONDS—Brilliant scarlet.

BEEBE—Pinkish mauve on white ground.

CHEERFULNESS—Gold, tipped crimson.

DAYBREAK—Lovely soft pink.

DOUGLAS TUCKER—Golden yellow with crimson centre.

GLAUSSEE—Rich bright orange.

JOHNNIE PEPPIN—Superb dark crimson.

LEDA BELLER—A fine exhibition lavender.

LITTLE BEESWINGS—Tiny golden yellow, tipped cherry red.

MARY MUNNS—Bright fuchsia red.

SNOWBIRD—Pure snow-white.

THE FLAPPER—Maroon cream and pink bicolor.

TOMMY KEITH—Cardinal, tipped white.

New Cactus Dahlias

Just as I am presenting this season the finest group of Decorative Dahlias and Pompons that I have ever offered during my entire career, so I am also presenting by far the finest collection of Cactus Dahlias. All are of huge size and fine form, some measuring ten inches across. Some have narrow twisted, incurved or recurved petals, and in some the petals are straight, as shown in the illustration. Some Hybrid Cactus Dahlias are included, with broader petals, twisted slightly at the tips. As a whole, this group will be found to contain only the most attractive and artistic of the Cactus Dahlias.

35c EACH; \$3.50 A DOZEN, YOUR SELECTION, LABELLED

ADDA PATTERSON—Huge pure snow white.

BALLET GIRL—Very large flowers of orange and white.

CIGARETTE—Cream, tipped and flushed orange.

CINDERELLA—Fawn pink with tan centre.

CRYSTAL—White, tipped rose pink.

DADDY BUTLER—Rosey carmine with lighter reverse.

ELSIE DANIELS—Huge blue lavender with white centre.

ELITE GEM—Pink, yellow base; reverse rosaline purple.

GLADYS SHERWOOD—A perfect white.

GUARDIAN—One of the finest pure reds.

MANDALAY—Tawny gold, dusted bronze.

MAC GREGOR—Huge flower of Nopal red.

MARGUERITE BOUCHON—Deep pink with white centre.

PARADISE—Creamy old-rose, suffused gold.

ZANTE—Gold, suffused apricot.

Hardy Phlox

Indispensable for Masses of Color in the Midsummer Garden . . . Many Marvelous New Varieties and New Shades Now Available.

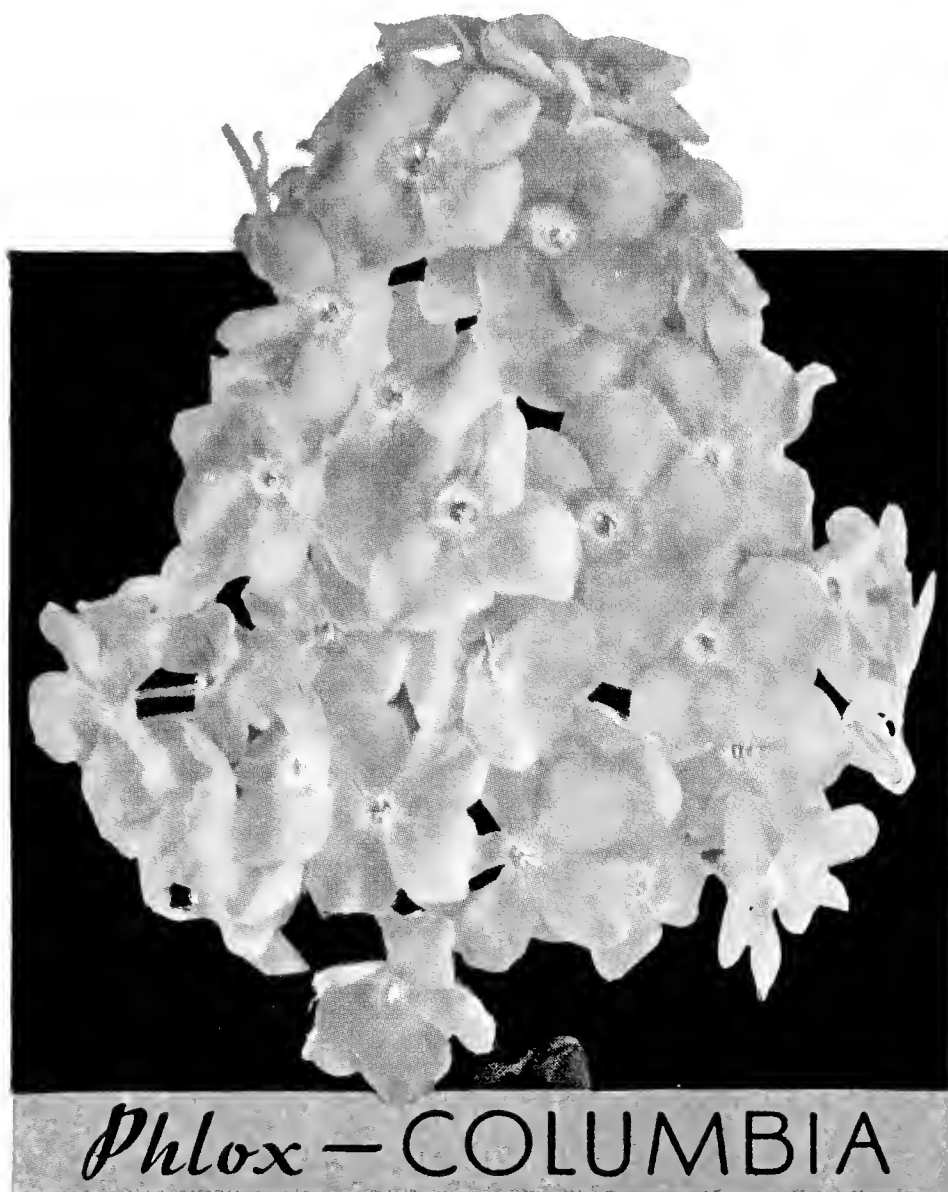

This choice collection of Phlox contains all of the newest and best varieties introduced to date both in this country and abroad. No worth-while variety is omitted unless its place is filled by something even better. The modern Phlox contain clearer and purer colors, larger flowers, in huge trusses, one of which will often make a bouquet; and bloom from June to October. No flower is easier to grow or more showy. All are rugged growers and free flowering and are moderately priced. You cannot afford to be without these newer Phlox in your garden, as they will produce masses of color in midsummer when flowers would otherwise be scarce.

ALL VARIETIES, EXCEPT WHERE OTHERWISE NOTED

**35c each; 3 for \$1.00; 12 for \$2.75;
100 for \$20.00.**

All orders over \$2.00 postpaid anywhere in the United States.

On orders amounting to \$2.00 or less, please add 20c to cover postage and packing.

ALBERT LEO SCHLAGETER—There is no other Phlox to approach this magnificent new variety in beauty, brilliance, purity of color, and length of flowering season. The color is a true, brilliant, American Beauty Red, with a deeper red eye, and with no other color or tone to mar it. The illustration does not show the full brilliance of the flower itself. The individual florets are large and the trusses are immense, and so profusely produced as to entirely hide the plant. Unquestionably the best red by all odds, producing a vivid spot in the garden that attracts attention from all directions. **FLOWERS FROM JUNE UNTIL KILLED BY FROST.** Extra strong two year old plants. Height 36 in. **50c each; 3 for \$1.25; 12 for \$4.00.**

B. COMTE—Very rich velvety deep red purple. Generally considered the best purple. An intensely vivid, brilliant color. B. Comte will produce one of the most showy spots in the garden.

BORDER GEM—A real gem in rich brilliant violet purple, finest of this type. Very large florets, beautiful clear color and a prodigious flowering variety. 32 in.

BRIDESMAID—A very lovely white, with deep crimson-carmine eye. Late flowering. A strikingly beautiful variety. 30 in.

CAROLINE VANDENBURG—A dual personality. During June and July it will rate "tops" as a "true purple" by the color chart. Later, when the weather is cool (or in warm weather if cut and taken indoors) it changes entirely and then becomes an attractive lavender shade. Large and very attractive in both stages.

COLUMBIA—Plant Patent No. 118. See color illustration. The finest pink Phlox ever grown. Each plant quickly pro-

duces many flowering stalks, literally covered with masses of beautiful cameo pink flowers, with a soft blue eye. Continuously in bloom from June until killed by frost. **40c each; 3 for \$1.10; 12 for \$3.30.**

DAILY SKETCH—One of the finest of the new introductions. Very large individual florets and tremendous flower heads of a lovely shade of pink, with a deep crimson centre. Height 32 in. A striking variety that attracts attention from all parts of the garden.

E. I. FARRINGTON—One of the finest new salmon shades. Somewhat similar to Columbia, but larger and taller and slightly deeper, with huge individual florets and a bright violet eye. 34 in.

ELIZABETH CAMPBELL—One of the best known and most admired of all Phlox. Soft salmon-pink with lighter tone towards the center. Considered by many as best in its class.

ENCHANTRESS—My own choice of all the deep bright pinks, being somewhat similar to Columbia, but more colorful and different. The color is deep watermelon pink, with a vivid red eye, which is surrounded by a light sunburst. Very large flowers. 24 in.

F. G. VON LASSBURG—One of the finest whites. Large trusses of pure snow-white flowers produced in the greatest profusion.

FIREBRAND—One of the most brilliant Phlox known, being a new brilliant scarlet to vermilion, with somewhat deeper eye. Large florets.

HAUPTMANN KOEHL—Large compact trusses of deep rich ox-blood red. A magnificent variety.

INNOCENCE—Late blooming. Large flowers of pure glistening snow white. Very tall. 42 in.

The Newest and Best

JULES SANDEAU—Deep watermelon pink with a vivid red eye. Brilliant and colorful. Large florets, huge flower heads, long flowering season. Similar to Columbia, but larger and more colorful and with a more vivid eye. 24 in.

LAVENDER BEAUTY—Very lovely uniform soft rosy-lavender self, without a fault or blemish. Free flowering, large florets and huge flower heads. Tall growing and extremely handsome. 40 in.

LOTHAIR—You will like this very lovely vivid crimson variety.

MME. F. CARPENTER—A fine, early pure snow-white. An unusually beautiful bedding variety. 42 in.

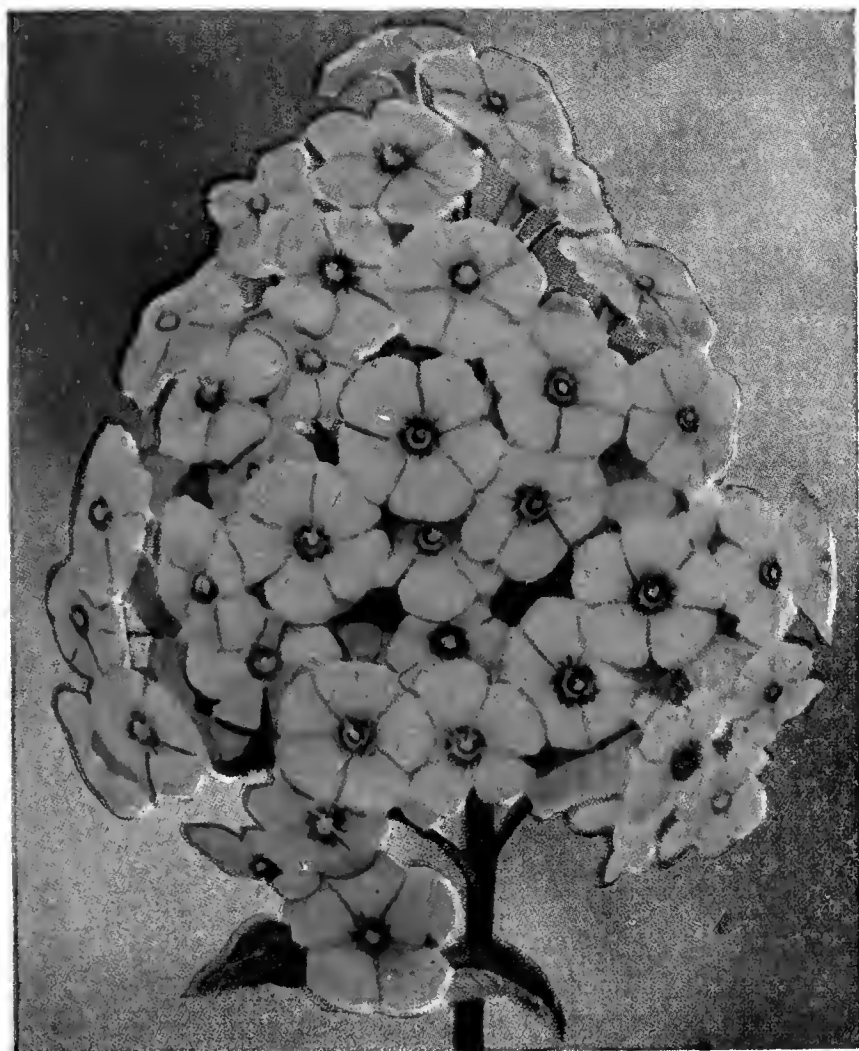

MISS LINGARD—A very early flowering variety. Color pure white with a pink eye. The best early white and a profuse bloomer, producing two or three crops of flowers throughout the summer.

MRS. CHARLES DORR—A most unusual and very delightful shade of soft lavender pink, the flowers being produced in great profusion. No other Phlox like it. Very tall, 48 to 50 inches.

MRS. FRYER—Large midseason pure snow-white. One of the best. 40 in.

MRS. WM. JENKINS—A very profuse blooming and delightful late flowering snow-white variety. 32 in.

PAINTED LADY—This is one of the most attractive Phlox I have seen, with large flower heads of very soft pink, with a brilliant Tyrian-Rose eye in striking contrast. 32 in.

Albert Leo Schlogeter

Widar

PANTHEON—A very lovely uniform deep salmon pink self, making a brilliant mass effect. 36 in.

RHEINLANDER—Large, salmon pink flowers, with a deep red eye. A deeper pink than Columbia and a more brilliant eye. 24 in.

RICHARD WALLACE—Very tall, 42 in. White, with a deep red eye. A very profuse bloomer and a magnificent variety.

RYNSTROOM—A very good pure deep salmon with a deeper eye. Very free flowering. 32 in.

SIR EDWIN LANDSEER—A five-star variety in light crimson with a deeper eye. 30 in.

WIDAR—This very lovely lavender Phlox, illustrated in color, is one of our most beautiful and unusual varieties.

WYNEDOT—A magnificent white, with a prominent eye of Chinese Violet. Perhaps the best of this type. 40 in.

Choice Hardy Perennials

Giant
Mallows

GIANT MALLOWS—3 ft. The illustration at the left is very greatly reduced, THE FLOWERS BEING MORE THAN FOUR TIMES THE SIZE OF THE ILLUSTRATION. These New Improved Giant Mallows are truly of colossal size, being as large as a dinner plate and as handsome as they are large. They look much like huge hollyhocks, but the flowers are several times as large as a hollyhock and the plants are more bushy. They flower

profusely all summer long and require no care, being among the hardiest of all flowering plants. The extra strong roots I will send will flower the first year and grow larger and finer each year. Once planted they flower year after year with no special care. Either in the home garden or in the wild garden their rugged constitution gives assurance that they will take care of themselves. In the entire horticultural field nothing is more showy, or more easy to grow. There are three colors, red, pink, and white, and they can be furnished in any color desired, or assorted. **50c each; 3 for \$1.00; 6 for \$1.50; 12 for \$2.75; 100 for \$20.00.**

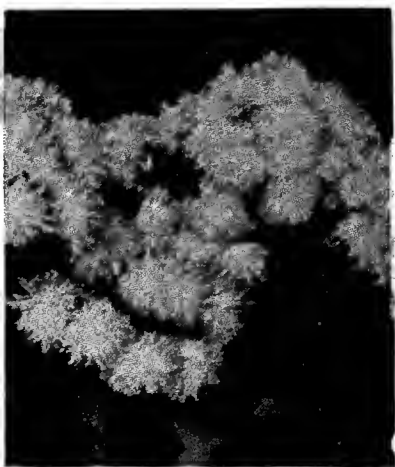

AQUILEGIA (Columbine)—See illustration at lower left hand corner. 15 to 18 in. Every gardener loves the dainty Columbines. The long-spurred Hybrids I am offering are a great improvement over the older varieties. There is a wide range of delicate soft colors and rich pastel shades. Large, healthy, 2-year old field grown plants. **35c each; 3 for 75c; 6 for \$1.25; 12 for \$2.00.**

ANEMONE—"Queen Charlotte"—See lower centre illustration. Fine Fall blooming plants for cutting and garden display. Flower from September until frost. These new varieties will grow 3 to 4 feet high in partial shade and will also do well in the sun. Queen Charlotte is a semi-double pink. **50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.**

DELPHINIUMS "Gold Medal Hybrids"—See illustration below. These hybrids produce huge spikes often 4 to 5 feet high, studded with blooms. The flowers range through mauve, blue, purple, and white. The plants I am offering this season should sell for \$1.00 each, but I have an extra fine large stock of them and am making a special price inducement that should appeal to all flower lovers. Sold in mixed colors only. **75c each; 3 for \$1.50; 6 for \$2.50; 12 for \$4.00.**

HARDY AGERATUM (Eupatorium Coelestinum)—See color illustration at left. 18 to 30 in. Those who are fond of the lovely blue Ageratum will surely find this hardy species even more enchanting. The plant is literally covered with true fluffy blue Ageratum flowers, from July until frost; but best of all it reappears each year without further attention after it is once planted. **35c each; 3 for 75c; 6 for \$1.25; 12 for \$2.00.**

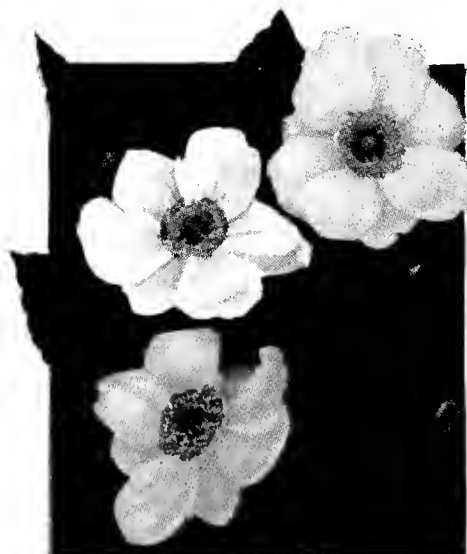

ADD 20c FOR PACKING AND POST-AGE ON ANY ORDER OF \$2.00 OR LESS. ORDERS OVER \$2.00 PREPAID.

Choice Hardy Perennials

(Continued)

Bleeding Heart

BLEEDING HEART (*Dicentra Spectabilis*)—See color illustration at left. This old favorite, with graceful racemes of flowers, is a great delight in any garden, and will make itself perfectly at home anywhere. When once established it is good for a lifetime with no care, and becomes more handsome with each succeeding year. Extra Strong Clumps. 50c each; 3 for \$1.35; 6 for \$2.50.

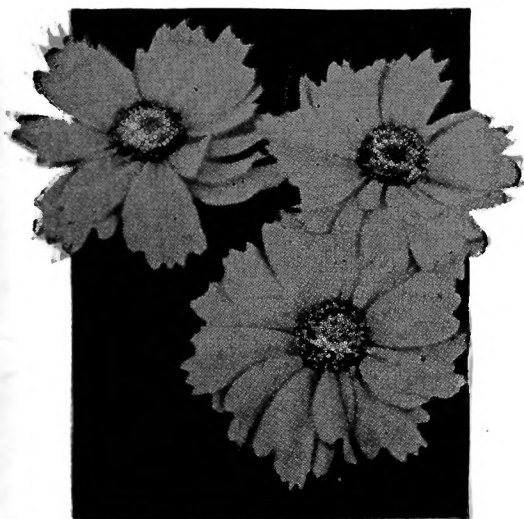

PLUMED BLEEDING HEART—The plumed foliage of this variety has a beautiful fern-like appearance, more handsome than the finest fern. Blooms all summer and the foliage remains handsome until killed by severe freezing weather. Prefers semi-shade. 50c each; 3 for \$1.35; 6 for \$2.50.

LYCHNIS CHALCEDONICA—3 ft. See color illustration at right. One of the most brilliant of our hardy plants, with vivid scarlet flower heads. Flowers all Summer. 35c each; 3 for 85c; 6 for \$1.50; 12 for \$2.50.

Lychnis Chalcedonica

COREOPSIS "Golden Giant"—A glorious new giant-flowered Coreopsis with flowers four inches in diameter, of perfect form, outstanding true golden yellow color and exquisite fragrance. A real acquisition for garden or cut flowers. 35c each; 3 for 75c; 6 for \$1.25; 12 for \$2.00.

Coreopsis

TRITOMA HYBRIDS—See illustration at right, which of course is very greatly reduced, as are all these illustrations. These hybrids include pale yellows to deep orange and scarlet. They are very showy and effective in the garden when planted in masses of 6 or more. 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

GAILLARDIA—18 in. See illustration lower left hand corner. Daisy-shaped orange yellow flowers, banded with red. Flower freely all Summer and Fall. You will never be out of cut flowers if you grow a few Gaillardias. 35c each; 3 for 75c; 6 for \$1.25; 12 for \$2.00.

Tritoma

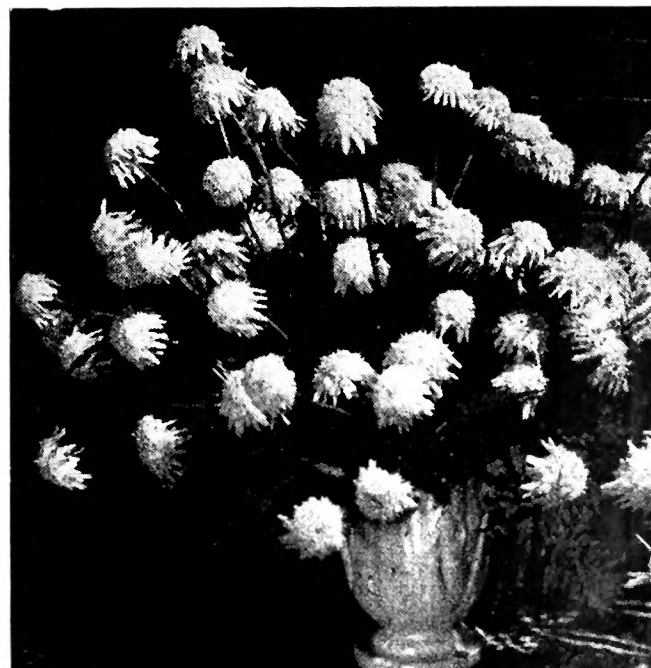

FUNKIA SUBCORDATA GRANDIFLORA—This rare and unusual Funkia has large exquisitely fragrant white flowers resembling Easter Lilies and almost as large, borne profusely all summer long. The foliage is also ornamental. They are so hardy that they will grow anywhere, in sun or shade, with practically no care. Equally attractive in the rock garden or in a wild garden, or in the border or in a bed by themselves. 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

Gaillardia

WHITE SWAN DOUBLE DAISY

—See illustration at right. Something new and unusually beautiful. Solid double pure snow-white flowers of perfect form on good wiry stems from 18 to 24 inches long. Magnificent for cut flowers and for landscape or garden effect. Used extensively by florists. 35c each; 3 for 75c; 6 for \$1.25; 12 for \$2.00; 100 for \$12.00.

Korean Chrysanthemums

This new race of Single and Semi-double Chrysanthemums is one of the greatest of recent horticultural achievements. Each plant is literally covered with hundreds of flowers in new and delightful colors never before seen in Chrysanthemums and many huge bouquets may be cut from a single plant. Nothing is more showy in the Fall garden, and as cut flowers they are superb, lasting a long time when cut. These Korean Chrysanthemums were developed from a Chrysanthemum Species discovered in Siberia, where they must have a rugged, robust constitution to endure the arctic climate, therefore they are especially suited to extremely cold climates and are hardy anywhere.

APOLLO—Produces a great profusion of flowers, with a triple row of petals, in an unusually handsome new bronzy red tone.

CERES—Each plant produces great armfuls of exquisitely fragrant flowers of a very lovely soft chamois tone, with deep yellow center.

DAPHNE—Large flowers of Daphne pink, with prominent yellow centre. One of the best. Prodigious bloomer.

MARS—Strikingly beautiful and brilliant amaranth red to vivid scarlet, a color never before found in Chrysanthemums and one of the most brilliant of all colors.

ORION—Lustrous, brilliant, glittering canary yellow flowers produced in greatest profusion.

VULCAN—A delightfully fragrant garnet-crimson, changing with age to bronze crimson.

New Hardy Double Chrysanthemums

This very fine group of flowers is indispensable in the garden due to their brilliant blossoms coming in late autumn, when other plants have finished flowering. The varieties listed below include the newest and finest introductions to date. They far surpass the older types in size, form, profusion of bloom, and magnificence of colors, and are unsurpassed as cut flowers. The collection listed below contains a wide color range and flowering season.

GRANNY SCOVILLE—Huge flowers of clear glowing coral bronze. One of the most striking and finest of all. Flowers from early October until heavy frost.

INDIAN SUMMER—One of the finest new introductions with fine large double flowers of glowing orange. A new color.

JEAN CUMMINGS—Best large flowering pure white. Excellent as a cut flower or garden subject.

KING MIDAS—The finest large flowered double yellow. The plant is literally covered with flowers.

ROMANY—A new introduction and a new color. Exceedingly handsome flowers in brilliant carmine.

THE MOOR—Another new introduction in a brilliant amaranth-purple or port-wine-red. Large, extra fine, fully double.

A Rose To Revolutionize The Rose Industry

"Break O'Day" Rose Forerunner of a New Race

(Patent Pending)

"Break O'Day" is the direct result of 35 years of rose breeding for the purpose of producing certain definite improvements in the rose family. The result is an entirely new type of rose never before produced. The flowers are very large, with 60 petals, exquisitely fragrant and superior to anything in commerce in Hybrid Tea Roses. The bush produces many times the number of flowers produced by the most vigorous Hybrid Tea Rose, being loaded with blossoms all summer and fall. But one of the greatest achievements produced in "Break O'Day" Rose is its life expectancy of 40 to 50 years. Instead of planting a hybrid tea rose for a few years blooms, you will now plant this new type rose for a lifetime of flowers.

AND IT IS SUB-ZERO HARDY and will make 4 to 5 foot specimen shrubs three feet in diameter, constantly covered with blossoms; or you may keep them trimmed back as desired. To reproduce the color in the illustration at the left was the despair of the artist, with its many changing coral, orange, salmon, pink and apricot tints all blended together in beautiful harmony. Extra strong, two year old field grown "Cream Quality" plants **\$1.50 each.**

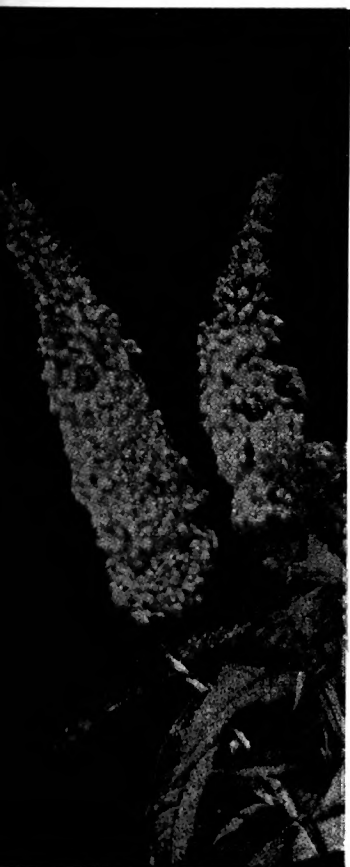

Introducing "Lily Pons" Rose

Patent Rights Reserved

"Lily Pons" is the result of the same 35 years of cross breeding as "Break O'Day" with all of its good qualities as described above. "Lily Pons" is the second of this new group of Sub-Zero Hardy Improved Hybrid Tea Type Roses, and is now offered for the first time. It is undoubtedly the greatest achievement in roses to date. Such per-

fection was never seen in a rose before. It is a huge flower, finer than the finest hot-house grown rose, as charming and brilliant as the singer's voice. The flowers are five and one-half inches across and are produced freely all summer. The center is yellow, shading to white outer petals. **\$1.50 each.**

Introducing The New Pink Buddleia "Charming"

This sensational new "Buddleia" has been **AWARDED A SILVER MEDAL** by the Pennsylvania Horticultural Society. The lovely pink flowers are borne in long sprays throughout the late summer and autumn. Gorgeous as a shrub in the garden and superb as cut flowers. Strong field grown plants. See illustration. **\$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$8.00.**

BUDDLEIA "HARTWEGE"—Another new Butterfly bush offered last season for the first time. The flowers are closely and compactly placed on the panicles, opening to the top before the basal flowers fade. As a summer cut flower and as an ornamental lawn or garden shrub it is unsurpassed for its beauty and usefulness. The hardiest of all. **75c each; 3 for \$2.00; 6 for \$3.75; 12 for \$6.00.**

BUDDLEIA "VARIABILIS WILSONI"—This very lovely new Butterfly Bush produces **immense spikes of flowers sometimes 30 inches long**, of a bright rosy color with an orange eye. Flowers in August and September. Strong plants **50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.**

BUDDLEIA "ILE DE FRANCE"—Fine large flowers of deep rich glowing claret purple. Excellent as single specimens or for mass effect. Constantly in bloom. **The richest and darkest of all. 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.**

"Charming"

Plant Giant Flowered Cannas

*For Brilliant Color Mass
and Tropical Effect*

Flowers All Summer

**PLANT THEM EARLY FOR BEST
RESULTS**

These cannas are the most showy of all perpetual blooming summer plants. The quantity of flowers produced is amazing, each plant continuing to send up one huge flower stalk after another right through the summer until the tops are killed back by heavy frost. One single stalk of any variety listed on this page will make a huge bouquet. No other flowering plants produce more blooms or more dazzling colors or continue to bloom so profusely. They are among the easiest of all plants to grow and require no care.

In addition to their attractive bloom, their large, broad, leathery luxuriant foliage gives a tropical effect to the garden and the foliage alone is enough to recommend them. The flowers are of stately bearing, borne on strong straight erect stems.

But You Should Order and Plant Cannas Early for best results. So do not delay sending in your Order. **Do it now**, while you have it in mind.

20c Each for Any Variety in the Following Group; any 6 for \$1.00,

Either in One Variety or More, Your Selection; or I will Make a Nice Selection for You if You Wish.

CHEERFULNESS—4 ft. Gorgeous, free flowering brilliant scarlet, bordered yellow. See illustration.

CITY OF PORTLAND—3½ ft. Huge flowers of a delightful rose pink produced in greatest profusion. See color illustration.

KING MIDAS—5 ft. Large flowers of rich clear yellow. The best of this color. See illustration.

THE PRESIDENT—4 ft. Rich glowing scarlet, with immense florets seven inches across, produced in great quantities on strong erect stems. The best red variety. See illustration.

YELLOW KING HUMBERT—4 ft. An orchid-flowering sport of King Humbert. The huge flowers 5 to 7 inches across are of deep rich yellow, spotted with tiny red spots. Extremely attractive. See color illustration.

ORANGE BEDDER—3 ft. Brilliant rich orange with scarlet suffusion. An excellent variety.
